HACCP COMPLIANCE STATEMENT

This letter will serve as Harbor House Seafood Inc's official notification that we continue to operate under the United States Federal Food & Drug Act and (21 CFR part 123) HACCP Guidelines.

Harbor House Seafood Inc. complies with all procedures for the safe and sanitary distribution of fish and seafood products as outlined by the US FDA in the Federal Register dated 12/18/1995, and in CFR parts 123 and 1240, which mandate the application of Seafood HACCP principles. Harbor House complies with the current Good Manufacturing Practices, CFR TITLE 21 PART 110, and operates under a program of proper sanitation standards and operating procedures (SSOPs).

In addition, all outside vendors have issued their Certificates of Compliance to us. In addition, should it be necessary, we have access to their HACCP plans, which will verify their procedures for ensuring that the fish and fishery products they offer, or store, are handled in accordance with the requirements of the United States Food and Drug Act HACCP Regulations (21 CFR Part 123 effective March 1, 2001)

Harbor House Seafood Inc is aware of FDA Bio terrorism regulations and has registered the facility under the Bioterrorism Preparedness & Response Act of 2002.

FDA Registration # 19668840898
