

Thank you for your interest in creating a garden! This questionnaire helps us design a garden that fits your space, lifestyle, and goals. Once you submit it, I'll review your responses and send you a link to book your consultation. I look forward to connecting!

Basic Info

1. Where are you located? (City & State)
2. Is this your first time gardening?
3. Are you interested a personalized plan?
4. Would you like to schedule an onsite visit or phone/virtual consult?
5. What is the best way to contact you?

Garden Location and Environment

1. Do you know where you would like the garden located? (Backyard, patio, balcony, etc.)
2. How many hours of direct sunlight does that area receive per day?
3. What kind of watering system do you prefer? (irrigation, manual, both or unsure)
4. Do you have any pets or children that need to be considered?

5. Do you have any special needs, like accessibility features needed?
6. Are there any local regulations or HOA rules to consider in your area? May require approval of plans.
7. Do you have any issues with wildlife? (deer, rabbits, moles, etc.)

What to Grow

1. What are your main goals for your garden?

- growing food
- growing herbs
- pollinator garden
- mix of all

2. Do you have any allergies to certain plants?

3. List all plants that you absolutely want:

*Need help? Give me a list of meals you eat most often:

4. List all plants you do NOT want:

5. Are you interested in growing seasonal crops throughout the year?

6. Are you wanting to start seeds or purchase plants?

7. Realistically, how much time do you have to devote to your garden each week?

Style and Structure

1. What type of garden setup do you prefer?

- In-ground
- raised beds,
- containers/pots,
- vertical garden,
- not sure (would like recommendations)

2. Do you currently have garden beds and/or pots that you want to use? If so, what are the dimensions of the beds (L x W x H)?

3. What is currently inside of your garden bed? Are willing to relocate plants if necessary?

4. Are you interested in building the garden yourself or having it fully installed?

5. What is your budget for the garden?

Time to Take Pictures!

Upload a wide view picture of the desired garden location. Strive to take the pictures from 10am to 1pm.

Upload a photo of the garden beds or containers you already have.

Do you have any inspo photos? i.e. Pinterest photos. Send those too!

Disclaimer: While I strive to provide expert guidance and tailored garden designs, individual results may vary. I do not guarantee specific outcomes, as factors like weather, pests, plant diseases, and other environmental conditions may affect growth. My services are for educational and design purposes, and while I provide best practices, I'm not responsible for losses, plant failures, or unforeseen risks. Clients are encouraged to adapt care based on their unique conditions.
