MINING NON-DESTRUCTIVE TESTING (NDT) SERVICES

NDT METHODS

- Ultrasonic Testing (PAUT/TOFD)
- Magnetic Particle Testing (MT)
- Liquid Penetrant Testing (PT)
- Tank Floor Inspection (MFL)
- Tank Automated Crawling with B Scan thickness/corrosion survey
- Radiographic Testing (RT)
- Visual Testing (VT)
- Electromagnetic Testing (ET)

OUR SERVICES

- Mechanical Asset Integrity Inspections (API 510, 570, 653, 580)
- Electromagnetic Rope Testing
- Mobile Equipment Inspection
- Ring and Pinion Gear Inspection
- Tank Inspections
- Stationary Equipment Inspection
- Piping Inspection
- Plastic Pipe Inspection
- Drum Inspection
- Rope Access
- Client inspection program development

CERTIFICATION

- Common Core (Ontario)
- Certificate of Recognition (COR)
- Canadian Welding Bureau (CWB)
- CGSB / ASNT / API / ABSA Certified Technicians
- TSSA & ABSA BC Authority Approved NDT Procedure
- Mechanical and Professional Engineering Services

ROPE ACCESS

- Visual Inspection • Insulation • CML Port Installation
- Structural Welding • NDE/NDT Inspection

COMMITMENT TO SAFETY

HEALTH AND SAFETY POLICY

Our dedication to safety of our employees and clients is of the upmost importance and we diligently follow health and safety protocols, policies and procedures to maintain a current no loss time injury status.

EAGLE EYE COMMITMENT
