

2026 Collaboration Award

We are pleased to announce that we are continuing this new award opportunity that will be administered alongside this year's General Fund Grant ("GFG") process. In 2026, we plan to celebrate and make separate awards to a limited number of GFG recipient ministries who propose a new way to collaborate with another GFG ministry(ies) to further share the Good News of Jesus Christ.

As such your ministry is invited to partner with another GFG recipient ministry and put together a proposal that describes your collaboration initiative. An IHS GFG subcommittee will review each proposal and select a group of finalists. Finalists will then be invited to present their proposals to the subcommittee. Proposals will be awarded for up to \$10,000 each at the 2026 Fall Focus on Giving event (date and location TBD).

This Collaboration Award is intended to be separate from and in addition to the traditional GFG process and grants. You will still need to submit the traditional General Fund Grant Application (deadline Wednesday, April 15, 2026). **The deadline for this Collaboration Award application is Monday May 25, 2026.**

You can find a list of 2025 General Fund Grant recipient ministries [here](#).

If you have any questions, please contact the IHS Foundation office:
