

About The Friends of Music

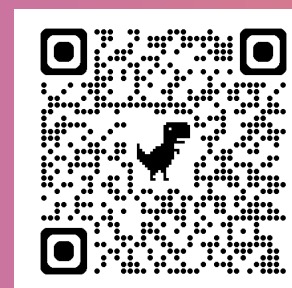

Friends of Music (FOM) seeks to enrich the life of St. Boniface and the greater Sarasota community by supporting our music liturgy and providing secular music events to lift our hearts and minds. We provide financial support for the various musicians who perform at special services and celebrations throughout the year, as well as support for our parish choir. A major part of our ministry is our Young Artists Series project, which supports the education of young musicians through our scholarship program and performance opportunities. We also bring in exceptional musicians to entertain us with their musical talents.

Young Artist Showcase

Now in it's 10th Season, The St. Boniface Young Artist Showcase is our annual scholarship program offered to high school and college students from the Sarasota-Bradenton area or attending a college in Southwest Florida. Each year multiple scholarships are awarded and students are given the opportunity for a number of performances on our Evensong & Recital pairings. We hope you'll stop by and check out some of these incredible talents at Evensong!
