Greater Richmond Continuum of Care: Coordination with Local Governments and HUD-2991, the Certification of Consistency with the Consolidated Plan

Background on the Greater Richmond Continuum of Care: The Greater Richmond Continuum of Care (GRCoC) seeks to prevent, reduce, and end homelessness through effective and coordinated community-wide efforts and services in the City of Richmond, the Town of Ashland, and the Counties of Henrico, Chesterfield, Hanover, Charles City, Goochland, New Kent, and Powhatan. The Greater Richmond Continuum of Care meets the regulations for a communitywide planning body to address homelessness laid out in 24 CFR 91.5.

More than 34 mission-oriented agencies participate in the GRCoC. GRCoC homeless service agencies develop and deliver trauma-informed programming, share data with other GRCoC partners, provide extensive reports to federal and state funders, undergo audits and monitoring visits to ensure compliance, and commit to continuous quality improvement in order to meet the needs of our neighbors. This system map shows many of these partners: https://www.homewardva.org/how-we-work.

Summary of Request: Annually, the US Department of Housing and Urban Development makes funding available to address homelessness through the Continuum of Care funding competition. This funding program allows for a Continuum of Care in a geographic region to apply for funds in line with the requirements of the HEARTH Act of 2009, the 2012 Interim Continuum of Care Rule, and the annual funding program guidelines laid out in a Notice of Funding Opportunity. Each Continuum of Care can submit one coordinated application for funding under this funding competition and the application includes a community application as well as individual project applications.

One requirement for the CoC's funding application is to ensure that the consultation requirements for the CoC (outlined in 24 CFR 587.7.c.4) and participating Consolidated Plan jurisdictions (outlined in 24 CFR 91.100.2.i) have been met. Staff from participating jurisdictions serve on the Ranking Committee which reviews and recommends these project applications, further ensuring alignment between the CoC funding application and the Consolidated and Comprehensive Plans in the region.

As documented in the 2022 Annual Gaps Analysis, there is a need for affordable permanent housing programs with supportive services such as permanent supportive housing and rapid re-housing that allow individuals and families to transition from homelessness to a sustainable living situation. Additionally, projects such as those providing Coordinated Entry Services, CoC planning, and HMIS enable the CoC to be eligible to receive and implement these HUD-funded programs. The proposed projects for the annual HUD Continuum of Care application work together to address the need for permanent housing for the most vulnerable residents experiencing homelessness in our community.

Form HUD-2991 demonstrates the alignment between the Consolidated Plan for each participating jurisdiction in the CoC (the City of Richmond and the Counties of Chesterfield and Henrico) and the CoC's proposed projects included in the community's application for Continuum of Care funding. Signed forms from all 3 participating jurisdictions are submitted to HUD as a part of our coordinated application for funding.
