OFFICE HOURS HERE

The US Department of Housing and Urban Development makes funding available to communities to address homelessness. Nonprofits, faith communities, and public homeless service providers are invited to learn more about this coordinated funding opportunity. Our community will submit one regional application with multiple projects. Homeward supports the Greater Richmond Continuum of Care's (GRCoC) regional competition and application.

How to learn more:

Review the HUD Notice of Funding Opportunity (NOFO) to learn about eligible program types and the data collection, reporting, and coordination required.

Join the GRCoC List-serv to stay up to date about applications, funding announcements, and trainings.

Attend the Overview of GRCoC Service Coordination webinar on July 1: Register here.

Attend the Introduction to HMIS webinar on July 1: Register here.
