# Gospel of Life Seminar

This **2-day** retreat invites Christians to confront today's culture of confusion with the light of truth and the strength of faith. Through powerful sessions on the dignity of the human person, the meaning of marriage and conjugal love, the duty to care for the sick and elderly, and the call to evangelize in a world hostile to life, participants will receive both formation and encouragement. More than just talks, it is a time of prayer, reflection, and mission - preparing believers to defend life, renew families, and bring Christ's love into every corner of society.

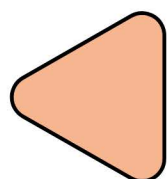

FR. SHENAN BOQUET

**President of Human Life International (HLI), the world's largest pro-life and pro-family apostolate. Since 2011, Fr. Boquet has carried HLI's mission to over 95 countries, equipping clergy, seminarians, and lay leaders to defend the dignity of life and the sanctity of marriage and family. A passionate preacher and teacher, Fr. Boquet addresses pressing issues in bioethics, evangelization, and culture, calling the faithful to embrace the Gospel of Life and build a civilization of love.**

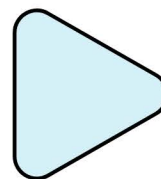

**For more information about Father Boquet and his global mission with HLI, please visit [www.hli.org](http://www.hli.org)**

The retreat program is designed to guide and inspire participants in their faith and daily lives. It helps them understand the value of every person, the importance of truth, and the central role of marriage and family in God's plan. The sessions highlight the beauty of spousal love, the call to care for the sick and elderly, and the mission of families to share their faith with others. Participants also learn how to be modern-day witnesses of the Gospel and how to rely on prayer and God's grace when facing life's challenges. The program includes opportunities for open discussion, personal reflection, and the celebration of Holy Mass, making it both meaningful and spiritually enriching.
