

SMALL BUSINESS FOR AMERICA'S FUTURE

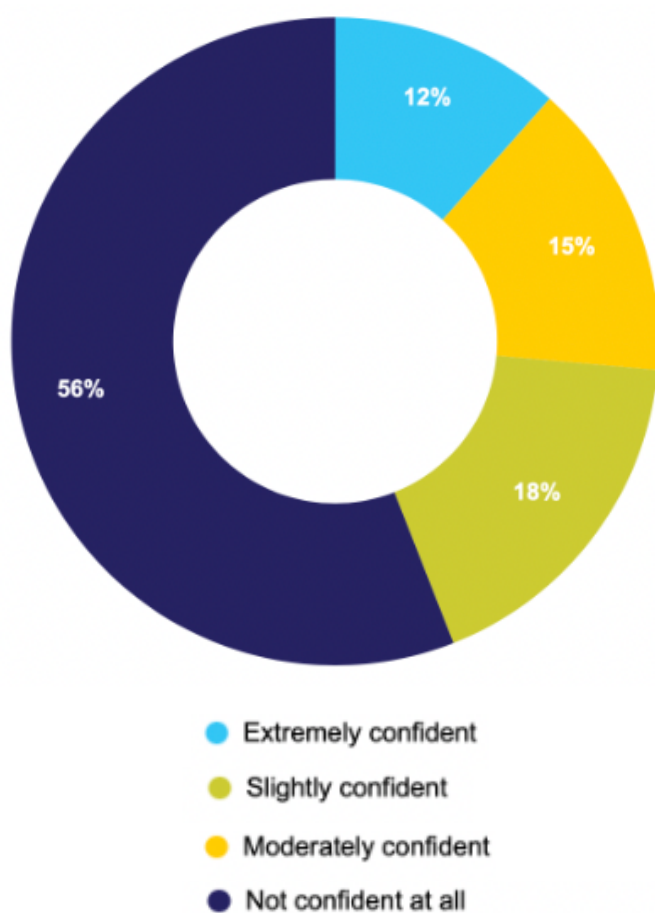

As a government shutdown looms again,
small business owners express desire for
stability in government

DEMOGRAPHICS

We surveyed **1,015** small business owners between Nov. 8 - Dec. 4, 2023 to gauge their sentiment on the current economic climate and their perspectives on government leadership.

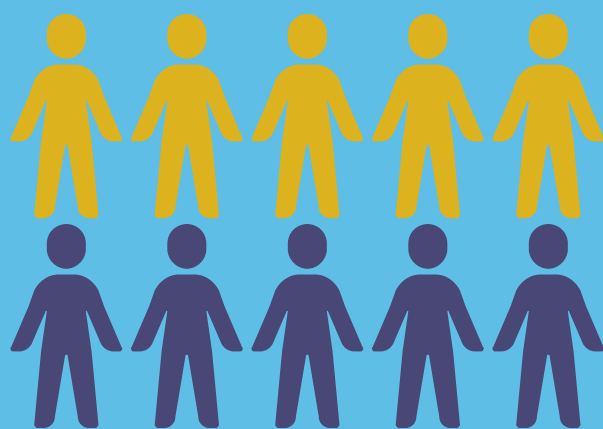

THE FACTS

- **56%** of small business owners are not confident at all in the government's ability to make timely decisions that positively impact small businesses in light of the leadership transition in the House of Representatives
- **95%** believe stable government leadership is important to the overall health of the economy and small business

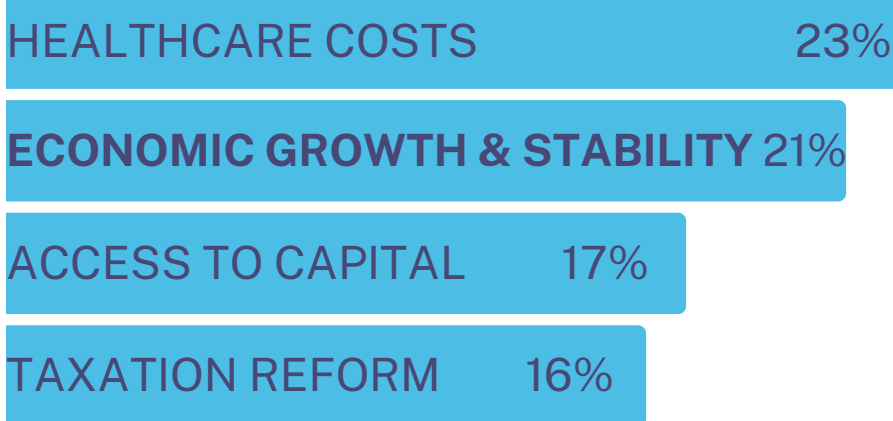

BIPARTISAN CONCERN:

The survey reflects a nearly equal representation of Republican (25%) and Democrat (28%) respondents.

TOP CONCERNS

Prioritizing economic growth and stability is a top issue small business owners believe lawmakers should prioritize to best support small businesses.
