Platform for future innovation across 78 neighborhoods served

**We help neighbors turn possibility into action.**

We support individuals, organizations, and citywide partners who want to contribute to meaningful neighborhood change. Whether you are a resident with an idea, a funder looking to support community-led work, or a partner seeking trusted guidance, you have a role in shaping the places where people live, learn, and belong.

Because you don't have to change the world — you just have to change what's right outside your door. And together, that changes everything.

CFN Mission: Connecting people to create vibrant neighborhoods.
