**DIRECTORS' REPORT**

The Directors hereby submit their report and the audited financial statements of the Group and of the Company for the financial year ended 31 October 2024.

**Principal activities**

The Company is principally engaged in the business of investment holding. The principal activities of the subsidiaries are disclosed in Note 12 to the financial statements.

There have been no significant changes in the nature of these activities during the financial year.

**Results**

	<b>Group RM</b>	<b>Company RM</b>
Profit/(Loss) for the year attributable to: Owners of the Company	<u>1,302,312</u>	<u>(81,533)</u>

**Reserves and provisions**

There were no material transfers to or from reserves and provisions during the financial year.

**Dividends**

No dividend has been paid or declared by the Company since the end of the previous financial year, except for the following:

On 10 December 2024, the Directors declared an interim dividend of 0.78 sen per ordinary share, amounting to RM1,989,000 in respect of the financial year ending 31 October 2025, based on the number of outstanding shares in issue as at 18 December 2024. The financial statements for the current financial year do not reflect this dividend and it will be accounted for in equity as an appropriation of retained earnings in the financial year ending 31 October 2025.

The Directors do not recommend any final dividend for the financial year ended 31 October 2024.

**Directors**

The Directors of the Company in office during the financial year and during the period from the end of the financial year to the date of the report are:

Dato' Tan Boon Teck\*  
Datin Wang Rui\*  
Chin Chew Lo                      -    Appointed on 5 July 2024

\* Directors of the Company and subsidiaries

**RAY GO SOLAR HOLDINGS BERHAD**

Registration No.: 201901004963 (1314290-M)

(Incorporated in Malaysia)

**AND ITS SUBSIDIARIES****Directors' interests in shares**

The Directors holding office at the end of the financial year and their beneficial interests in Ordinary Shares of the Company and its related corporations during the financial year ended 31 October 2024 as recorded in the Register of Directors' Shareholdings kept by the Company under Section 59 of the Companies Act, 2016 in Malaysia were as follows:

	Number of ordinary shares			
	At 01.11.2023	Bought	Sold	At 31.10.2024
<b>Shareholdings in the Company registered in the name of Directors:</b>				
Dato' Tan Boon Teck	154,342,000	-	-	154,342,000
Datin Wang Rui	39,357,200	-	-	39,357,200

**Directors' benefits**

Since the end of previous financial period, no Director of the Group and of the Company have received nor become entitled to receive any benefit by reason of a contract made by the Group and the Company or a related corporation with the Director or with a firm of which the Director is a member, or with a company in which the Director has a substantial financial interest other than those disclosed in Note 27 to the financial statements.

There were no arrangements during and at the end of the financial period which had the object of enabling Directors to acquire benefits by means of the acquisition of shares in or debentures of the Company or any other body corporate.

**Directors' remuneration and fee**

Directors' fees payable by the Group and the Company for the financial year ended 31 October 2024 amounted to RM432,000 and RM Nil respectively as disclosed in Note 5 to the financial statements.

Apart from above, none of the Directors received other remuneration from the Group and the Company during the financial year.

**RAY GO SOLAR HOLDINGS BERHAD**

Registration No.: 201901004963 (1314290-M)

(Incorporated in Malaysia)

**AND ITS SUBSIDIARIES****Indemnity and insurance for Directors, officers and auditor**

During the financial year, the total amount of indemnity insurance coverage and insurance premium paid for the Directors of the Group and of the Company were RM1,902 and RM NIL respectively.

There was no indemnity given to or insurance effected for any officer or auditor of the Group and of the Company.

**Issue of shares and debentures**

There were no changes in the share capital of the Company during the financial year.

There were no debentures issued during the financial year.

**Options granted over unissued shares**

No options were granted to any person to take up unissued shares of the Company during the financial year.

**Other statutory information**

Before the financial statements of the Group and of the Company were made out, the Directors took reasonable steps to ascertain that:

- (i) proper action had been taken in relation to the writing off of bad debts and the making of provision for doubtful debts and have satisfied themselves that there were no known bad debts and that provision need not been made for doubtful debts; and
- (ii) any current assets which were unlikely to be realised in the ordinary course of business have been written down to an amount which they might be expected so to realise.

At the date of this report, the Directors are not aware of any circumstances:

- (i) which would necessitate the writing off of bad debts or the provision for doubtful debts; or
- (ii) which would render the values attributed to current assets in the financial statements of the Group and of the Company misleading; or
- (iii) which have arisen which render adherence to the existing method of valuation of assets or liabilities of the Group and of the Company misleading or inappropriate; or
- (iv) not otherwise dealt with in this report or the financial statements, which would render any amount stated in the financial statements of the Company misleading.

Registration No.: 201901004963 (1314290-M)  
(Incorporated in Malaysia)  
**AND ITS SUBSIDIARIES**

**Other statutory information (continued)**

At the date of this report, there does not exist:

- (i) any charge on the assets of the Group and of the Company that has arisen since the end of the financial year and which secures the liabilities of any other person; or
- (ii) any contingent liability in respect of the Group and of the Company that has arisen since the end of the financial year.

No contingent liability or other liability of the Group and of the Company have become enforceable or is likely to become enforceable within the period of twelve months after the end of the financial year which, in the opinion of the Directors, will or may substantially affect the ability of the Group and of the Company to meet its obligations as and when they fall due.

In the opinion of the Directors, the results of the operations of the Group and of the Company for the financial year ended 31 October 2024 have not been substantially affected by any item, transaction or event of a material and unusual nature nor has any such item, transaction or event occurred in the interval between the end of that financial year and the date of this report.

**Significant event subsequent to financial year**

Details of significant event subsequent to financial year is disclosed in Note 32 to the financial statements.

**Report on the Audit of the Financial Statements**

***Opinion***

We have audited the financial statements of RAY GO SOLAR HOLDINGS BERHAD, which comprise the statements of financial position as at 31 October 2024, and the statements of profit or loss and other comprehensive income, statements of changes in equity and statements of cash flows for the financial year then ended, and notes to the financial statements, including material accounting policies, as set out on pages 13 to 61.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Group and of the Company as at 31 October 2024, and of its financial performance and its cash flows for the financial year then ended in accordance with Malaysian Financial Reporting Standards, IFRS Accounting Standards and the requirements of the Companies Act, 2016 in Malaysia.

***Basis for Opinion***

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report.

We are independent of the of the Group and of the Company in accordance with the *By-Laws (on Professional Ethics, Conduct and Practice)* of the Malaysian Institute of Accountants ("By-Laws") and the International Ethics Standards Board for Accountants' *International Code of Ethics for Professional Accountants (including International Independence Standards)* ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

***Key Audit Matters***

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the Group and of the Company for the current year. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

PKF PLT is a member of PKF Global, the network of member firms of PKF International Limited, each of which is a separate and independent legal entity and does not accept any responsibility or liability for the actions or inactions of any individual member or correspondent firm(s).

**AND ITS SUBSIDIARIES**

(continued)

**Key Audit Matters (continued)**

**1. Revenue recognition**

*(Refer to Note 3 to the financial statements)*

As stated in Note 2(b) to the financial statements, contract revenue is recognised over time based on the input method to measure progress. The contract revenue from contracts with customers for the financial year ended 31 October 2024 amounted to RM30,389,560. The recognition of revenue is therefore dependent on the Group's budgeted contract costs which includes estimates and judgements made by the management.

This is a key risk as evaluating the accuracy of budgeted contract costs and the determination of the percentage of completion of contract cost require significant judgement and estimates by the management.

We focused on this area as a key audit matter due to the degree of management's judgement involved and assumptions of future events that are inherently uncertain.

Our audit procedures performed includes the following:

- (a) understood the Group's process in measuring revenue from contracts with customers;
- (b) verified approval over contracts, budgeted costs and reviewed relevant terms of contracts with customers;
- (c) assessed and discussed with management on the basis in the allocation of transaction price to separate performance obligations of those contracts with customers;
- (d) inspected documentation which supported cost estimates made, including contract variations and cost contingencies;
- (e) performed re-computation on contract revenue recognised and checked calculations of the percentage of completion; and
- (f) assessed the completeness, accuracy and appropriateness of disclosures as required by MFRS 15.

**2. Recognition of contract assets**

*(Refer to Note 17 to the financial statements)*

As stated in Note 2(g) to the financial statements, contract assets of the Group is the right to consideration for goods or services transferred to the customers. The net contract assets as at 31 October 2024 amounted to RM2,847,982 is the excess of cumulative revenue earned amounted to RM85,475,879 over the billings to-date amounted to RM82,627,897. Where there is objective evidence of impairment, the amount of impairment losses is determined by comparing the contract asset's carrying amount and the present value of estimated future cash flows to be generated by the contract asset.

**INDEPENDENT AUDITORS' REPORT  
TO THE MEMBERS OF RAY GO SOLAR HOLDINGS BERHAD**  
Registration No.: 201901004963 (1314290-M)  
(Incorporated in Malaysia)  
**AND ITS SUBSIDIARIES**

(continued)

***Key Audit Matters (continued)***

**2. Recognition of contract assets (continued)**

*(Refer to Note 17 to the financial statements) (continued)*

We focused on this area as a key audit matter due to the degree of the management's judgement involved and assumptions of future events that are inherently uncertain.

Our audit procedures performed includes the following:

- (a) considered the progress or the position of project, i.e., status of whether these projects has been completed, expired, terminated, delayed and any other events occurred;
- (b) understand the Group's process in assessing recoverability of contract assets and assessed any possible impairment on these contract assets; and
- (c) reviewed billings of contract assets as well as the collection subsequent to the end of the financial year.

**3. Impairment of outstanding receivables**

*(Refer to Note 14 to the financial statements)*

Impairment of trade receivables is an area of focus because of the outstanding receivables amounted to RM286,870 due from a customer for more than 2 years ("the outstanding receivables"). This is due to the dispute of the subcontractor's work carried out. The subsidiary has counterclaim against the sub-contractor to recover this amount. The Directors are of the opinion that the amount shall be recovered upon settlement of the disputed work.

As these dispute and litigation case are inherently uncertain and subjected to significant judgement on the recoverability of the outstanding receivables. Therefore, we focused on this area due to the nature of judgement and assumptions made by the management in determining whether there is any impairment that has occurred.

As part of our audit to test Management's assessment of the recoverability of the Group's outstanding receivables, our procedures included:

- (a) Reviewed management's assessment on impairment loss of the outstanding receivables.
- (b) Obtained solicitor confirmation and review of the litigation case; and
- (c) Discussed and critically challenged management's justification on the recoverability of the outstanding receivables.

***Information Other than the Financial Statements and Auditors' Report Thereon***

The Directors are responsible for the other information. The other information comprises the Directors' Report but does not include the financial statements of the Group and of the Company and our auditors' report thereon.

Our opinion on the financial statements of the Group and of the Company does not cover the Directors' Report and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Group and of the Company, our responsibility is to read the Directors' Report and, in doing so, consider whether the Directors' Report is materially inconsistent with the financial statements of the Group and of the Company or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of the Directors' Report, we are required to report that. We have nothing to report in this regard.

***Responsibilities of the Directors for the Financial Statements***

The Directors of the Company are responsible for the preparation of the financial statements of the Group and of the Company that give a true and fair view in accordance with Malaysian Financial Reporting Standards, IFRS Accounting Standards and the requirements of the Companies Act, 2016 in Malaysia. The Directors are also responsible for such internal controls as the Directors determine is necessary to enable the preparation of the financial statements of the Group and of the Company that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements of the Group and of the Company, the Directors are responsible for assessing the Group's and the Company's ability to continue as going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Group or the Company or to cease operations, or have no realistic alternative but to do so.

The Director of the Company are responsible for overseeing the Group's financial reporting process.

***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements of the Group and of the Company as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

**AND ITS SUBSIDIARIES**

(continued)

***Auditors' Responsibilities for the Audit of the Financial Statements (continued)***

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements of the Group and of the Company, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's or of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.
- Conclude on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's and the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Group and of the Company or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group or the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements of the Group and of the Company, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the financial statements of the Group. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

**AND ITS SUBSIDIARIES**

(continued)

***Auditors' Responsibilities for the Audit of the Financial Statements (continued)***

We also provide the Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats of safeguards applied.

From the matters communicated with the Directors, we determine those matters that were of most significance in the audit of the financial statements of the Group and of the Company for the current financial year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

***Other Matters***

This report is made solely to the members of the Company, as a body, in accordance with Section 266 of the Companies Act, 2016 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the contents of this report.

**NOTES TO THE FINANCIAL STATEMENTS AS AT 31 OCTOBER 2024**

**1. Basis of preparation**

The financial statements of the Group and of the Company have been prepared in accordance with Malaysian Financial Reporting Standards ("MFRS"), IFRS Accounting Standards and the requirements of the Companies Act, 2016 in Malaysia.

The accompanying financial statements have been prepared assuming that the Group and the Company will continue as going concern which contemplates the realisation of assets and settlement of liabilities in the normal course of business.

These financial statements are presented in the Ringgit Malaysia ("RM"), which is the Group's and the Company's functional and presentation currency.

**(a) Standards issued and effective**

On 1 November 2023, the Group and the Company have adopted the following accounting standards, amendments and interpretations which are mandatory for annual financial periods beginning on or after 1 January 2023:

**Description**

- MFRS 17, *Insurance Contracts*
- Amendments to MFRS 17, *Insurance Contracts*
- Amendments to MFRS 17, *Insurance Contracts*: Initial Application of MFRS 17 and MFRS 9 – Comparative Information
- Amendments to MFRS 101, *Presentation of Financial Statements*: Classification of Liabilities as Current or Non-current
- Amendments to MFRS 101, *Presentation of Financial Statements*: Disclosures of Accounting Policies

The Directors expect that the adoption of the new and amended MFRS above have no impact on the financial statements of the Group and of the Company, except for those disclose in Note 2 to the financial statements.

**(b) Standards issued but not yet effective**

Certain new accounting standards and interpretations have been issued but not yet effective for 30 June 2024 reporting periods and have not been early adopted by the Group and the Company. These standards are not expected to have a material impact on the Group and Company in the current or future reporting period.

**NOTES TO THE FINANCIAL STATEMENTS AS AT 31 OCTOBER 2024**

**1. Basis of preparation (continued)**

**(c) Basis of measurement**

The financial statements have been prepared on the historical cost basis unless otherwise as indicated in the material accounting policies.

**(d) Significant accounting estimates and judgements**

Estimates and judgements are continually evaluated by the Directors and management and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The estimates and judgements that affect the application of the Group's and of the Company's accounting policies and disclosures, and have a significant risk of causing a material adjustment to the carrying amounts of assets, liabilities, income and expenses are discussed below:

*(i) Contract revenue*

The Group recognised contract revenue and contract costs as revenue and expenses respectively in the profit or loss by using the stage of completion method. The stage of completion is determined by reference to the proportion of contract cost incurred for work performed to date to the estimated total contract costs.

Significant judgement is required in determining the stage of completion, the extent of the contract cost incurred, the estimated total contract revenue and costs, as well as the recoverability of the construction contracts. In making the judgement, the Group evaluates based on past experience and by relying on the work of specialists.

*(ii) Provision for expected credit losses ("ECLs") of trade receivables*

The Group uses a provision matrix to calculate ECLs for trade receivables and contract assets. The provision rates are based on the payment profiles of sales over a period of 36 months before the end of the reporting period and the corresponding historical credit losses experienced within this period.

The provision matrix is initially based on the Group's historical observed default rates. The Group will calibrate the matrix to adjust the historical credit loss experience with forward-looking information on macroeconomic factors affecting the ability of the customers to settle the receivables. The historical observed default rates are updated and changes in the forward-looking estimates are analysed at every end of the reporting period.

## **NOTES TO THE FINANCIAL STATEMENTS AS AT 31 OCTOBER 2024**

### **2. Material accounting policies**

The Group and the Company adopted Amendments to MFRS101, *Presentation of Financial Statements – Disclosure of Accounting Policies* for the first time in 2024. Although the amendments did not result in any changes to the accounting policies themselves, they impacted the accounting policy information disclosed in the financial statements.

The amendments require the disclosure of 'material', rather than 'significant', accounting policies. The amendments also provide guidance on the application of materiality to disclosure of accounting policies, assisting entities to provide useful, entity-specific accounting policy information that users need to understand other information in the financial statements.

Management reviewed the accounting policies and made updates to the information disclosed in Material accounting policies (2023: Significant accounting policies) in certain instances in line with the amendments.

The material accounting policies adopted by the Group and the Company are consistent with those in the previous financial years unless otherwise stated.

Certain immaterial accounting policies have been voluntarily disclosed to ensure completeness in the financial statements of the Group and of the Company.

#### **(a) Basis of consolidation**

##### **(i) Subsidiaries**

Subsidiaries is entity, including structured entities, controlled by the Group. The financial statements of subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases.

The Group controls an entity when it is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Potential voting rights are considered when assessing the control only when such rights are substantive. The Group also considers it has de facto power over an investee when, despite not having the majority of voting rights, it has the current ability to direct the activities of the investee that significantly affect the investee's return.

Investments in subsidiary is measured in the Company's statement of financial position at cost less any impairment losses, unless the investment is classified as held for sale or distribution. The cost of investment includes transactions costs.

**NOTES TO THE FINANCIAL STATEMENTS AS AT 31 OCTOBER 2024**

**2. Material accounting policies (continued)**

**(b) Revenue**

Revenue from contracts with customers is recognised by reference to each distinct performance obligation in the contract with customer. Revenue from contracts with customers is measured at its transaction price, being the amount of consideration which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, net of goods and services tax, returns, rebates and discounts. Transaction price is allocated to each performance obligation on the basis of the relative standalone selling prices of each distinct good or services promised in the contract. Depending on the substance of the contract, revenue is recognised when the performance obligation is satisfied, which may be at a point in time or over time.

*Contract Revenue*

The contract revenue represents income from supplying solar system and related products. The revenue is recognised over time based on the input method (i.e. costs incurred to date relative to total estimated costs at completion) to measure progress. Under this method, the extent of progress towards completion is measure based on the ratio of costs incurred to date to the total estimated costs at completion of the performance obligation. Revenues, including estimates fees or profits, are recorded proportionally. The customer pays the amount based on invoice issued. If services rendered by the Group exceeds payment, a contract asset is recognised. If payment received exceed services rendered, a contract liability is recognised as described in the financial statements. The normal credit term is within 3 months.

**(c) Tax expense**

*(i) Current tax*

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the reporting date.

Current taxes are recognised in the profit or loss except to the extent that the tax relates to items recognised outside profit or loss, either in other comprehensive income or directly in equity.

**RAY GO SOLAR HOLDINGS BERHAD**  
Registration No.: 201901004963 (1314290-M)  
(Incorporated in Malaysia)  
**AND ITS SUBSIDIARIES**

**NOTES TO THE FINANCIAL STATEMENTS AS AT 31 OCTOBER 2024**

**2. Material accounting policies (continued)**

**(c) Tax expense (continued)**

*(ii) Deferred tax*

Deferred tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements.

Deferred tax liabilities are recognised for all taxable temporary differences other than those that arise from goodwill or excess of the acquirer's interest in the net fair value of the acquirer's identifiable assets, liabilities and contingent liabilities over the business combination costs or from the initial recognition of an asset or liability in a transaction which is not a business combination and at the time of the transaction, affects neither accounting profit nor taxable profit.

Deferred tax assets are recognised for all deductible temporary differences, unused tax losses and unused tax credits to the extent that it is probable that future taxable profits will be available against which the deductible temporary differences, unused tax losses and unused tax credits can be utilised.

The carrying amounts of deferred tax assets are reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient future taxable profits will be available to allow all or part of the deferred tax assets to be utilised.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realised or the liability is settled, based on the tax rates that have been enacted or substantively enacted at the end of the reporting period.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when the deferred income taxes relate to the same taxation authority.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss. Deferred tax items are recognised in correlation to the underlying transactions either in other comprehensive income or directly in equity and deferred tax arising from a business combination is included in the resulting goodwill or excess of the acquirer's interest in the net fair value of the acquiree's identifiable assets, liabilities and contingent liabilities over the business combination costs.

**NOTES TO THE FINANCIAL STATEMENTS AS AT 31 OCTOBER 2024**

**2. Material accounting policies (continued)**

**(d) Impairment**

*(i) Financial assets*

The Group and the Company recognise loss allowances for expected credit losses on financial assets measured at amortised cost, expected credit losses are a probability-weighted estimate of credit losses.

The Group and the Company measure loss allowances at an amount equal to lifetime expected credit loss, except for cash and bank balances. Loss allowances for trade receivables are always measured at an amount equal to lifetime expected credit loss.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit loss, the Group and the Company consider reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Group's and the Company's historical experience and informed credit assessment and including forward-looking information, where available.

Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of the asset, which 12-month expected credit losses are the portion of expected credit losses that result from default events that are possible within the 12-months after the reporting date. The maximum period considered when estimating expected credit losses is the maximum contractual period over which the Group and the Company are exposed to credit risk.

The Group and the Company estimate the expected credit losses on trade receivables using a provision matrix with reference to historical credit loss experience.

An impairment loss in respect of financial assets measured at amortised cost is recognised in profit or loss and the carrying amount of the asset is reduced through the use of an allowance amount.

At each reporting date, the Group and the Company assess whether financial assets carried at amortised cost are credit-impaired. A financial asset is credit impaired when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

**NOTES TO THE FINANCIAL STATEMENTS AS AT 31 OCTOBER 2024**

**2. Material accounting policies (continued)**

**(d) Impairment (continued)**

*(i) Financial assets (continued)*

The gross carrying amount of a financial asset is written off (either partially or full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Group and the Company determine that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Group's and the Company's procedures for recovery amounts due.

*(ii) Non-financial assets*

The Group and the Company assess at each reporting date whether there is an indication that an asset may be impaired. If any such indication exists, or when an annual impairment assessment for an asset is required, the Group and the Company make an estimate of the asset's recoverable amount.

An asset's recoverable amount is the higher of an asset's fair value less costs to sell and its value in use. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units ("CGU")).

In assessing value in use, the estimated future cash flows expected to be generated by the asset are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. Where the carrying amount of an asset exceeds its recoverable amount, the asset is written down to its recoverable amount. Impairment losses recognised in respect of a CGU or groups of CGUs are allocated first to reduce the carrying amount of any goodwill allocated to those units or groups of units and then, to reduce the carrying amount of the other assets in the unit or groups of units on a pro-rata basis.

Impairment losses are recognised in profit or loss except for assets that are previously revalued where the revaluation was taken to other comprehensive income. In this case the impairment is also recognised in other comprehensive income up to the amount of any previous revaluation.

**NOTES TO THE FINANCIAL STATEMENTS AS AT 31 OCTOBER 2024**

**2. Material accounting policies (continued)**

**(d) Impairment (continued)**

*(ii) Non-financial assets (continued)*

An assessment is made at each reporting date as to whether there is any indication that previously recognised impairment losses may no longer exist or may have decreased. A previously recognised impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. If that is the case, the carrying amount of the asset is increased to its recoverable amount. That increase cannot exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised previously. Such reversal is recognised in profit or loss unless the asset is measured at revalued amount, in which case the reversal is treated as a revaluation increase. Impairment loss on goodwill is not reversed in a subsequent period.

**(e) Property, plant and equipment**

All items of property, plant and equipment are initially recorded at cost. The cost of an item of property, plant and equipment is recognised as an asset if, and only if, it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably.

Subsequent to recognition, property, plant and equipment are measured at cost less accumulated depreciation and accumulated impairment losses, if any. When significant parts of property, plant and equipment are required to be replaced in intervals, the Group recognises such parts as individual assets with specific useful lives and depreciation, respectively. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the property, plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit or loss as incurred.

Freehold land has an indefinite useful life and therefore is not depreciated.

Work-in-progress is not depreciated as these assets are not available for use. Depreciation will commence on these assets when they are ready for their intended use.

**RAY GO SOLAR HOLDINGS BERHAD**  
Registration No.: 201901004963 (1314290-M)  
(Incorporated in Malaysia)  
**AND ITS SUBSIDIARIES**

**NOTES TO THE FINANCIAL STATEMENTS AS AT 31 OCTOBER 2024**

**2. Material accounting policies (continued)**

**(e) Property, plant and equipment (continued)**

Depreciation of other property, plant and equipment is provided for on a straight-line basis, at the following annual rates:

Building	2%
Equipment	5%
Office equipment	20%
Computer and software	20%
Furniture and fittings	20%
Motor vehicles	20%
Signboard	20%
Renovation	10%

The carrying amount of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying amount may not be recoverable.

The residual value, useful life and depreciation method are reviewed at each financial year end, and adjusted prospectively, if appropriate.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss on derecognition of the asset is included in the profit or loss in the year the asset is derecognised.

**(f) Inventories**

Inventories are stated at the lower of cost and net realisable value. Cost is determined using weighted average basis. Cost comprises the cost of purchase and incidentals incurred in bringing the inventories to their present location and condition.

Net realisable value represents the estimated selling price in the ordinary course of business less selling and distribution costs and all other estimated costs to completion.

**NOTES TO THE FINANCIAL STATEMENTS AS AT 31 OCTOBER 2024**

**2. Material accounting policies (continued)**

**(g) Contract assets/(liabilities)**

Contract asset is the right to consideration for goods or services transferred to the customers. In the case of construction contracts, contract asset is the excess of cumulative revenue earned over the billings to-date. The contract assets will be transferred to trade receivables when the rights become unconditional.

When there is objective evidence of impairment, the amount of impairment losses is determined by comparing the contract asset's carrying amount and the present value of estimated future cash flows to be generated by the contract asset.

Contract liability is the obligation to transfer goods or services to customer for which the Group has received the consideration or has billed the customer. In the case of construction contracts, contract liability is the excess of the billings to-date over the cumulative revenue earned. Contract liabilities include downpayments received from customers and other deferred income where the Group has billed or has collected the payment before the goods are delivered or services are provided to the customers.

**(h) Leases**

*(i) Initial recognition and measurement*

*As a lessee*

The Group recognised right-of-use asset and lease liability at the commencement date of the lease.

The right-of-use asset is initially measured at cost, which comprises as follows:

- the initial amount of the lease liability;
- any lease payments made at or before the commencement date, less any lease incentives received;
- any initial direct costs incurred; and
- an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Group's incremental borrowing rate.

**NOTES TO THE FINANCIAL STATEMENTS AS AT 31 OCTOBER 2024**

**2. Material accounting policies (continued)**

**(h) Leases (continued)**

*(i) Initial recognition and measurement (continued)*

*As a lessee (continued)*

Variable lease payments that do not depend on an index or a rate are excluded from lease liability and right-of-use asset and recognised in profit or loss in the period in which the event or condition that triggers those payments occurs.

The Group had elected not to recognise right-of-use assets and lease liabilities for short-term leases and leases for which the underlying asset is of low value. The Group recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

*(ii) Subsequent measurement*

*As a lessee*

The right-of-use asset is subsequently depreciated over the shorter period of lease term and useful life of the underlying asset.

Depreciation of right-of-use asset is provided for on a straight-line basis at the following annual rate:

Office premises	4.73%
Motor vehicles	20%

If a lease transfers ownership of the underlying asset to the Group by the end of the lease term or if the cost of the right-of-use asset reflects that the Group will exercise a purchase option, the related right-of-use asset is depreciated over the useful life of the underlying asset. In addition, the right-of-use asset is periodically reduced by impairment losses determined in accordance with Note 2(d)(i) to the financial statements, if any, and adjusted for certain remeasurements of the lease liability.

**NOTES TO THE FINANCIAL STATEMENTS AS AT 31 OCTOBER 2024**

**2. Material accounting policies (continued)**

**(h) Leases (continued)**

*(ii) Subsequent measurement (continued)*

*As a lessee (continued)*

The carrying amount of lease liability is subsequently increased by interest on the lease liability and reduced by lease payments made. It is remeasured when there is a change in lease term, assessment of an option to purchase the underlying asset, future lease payments arising from the change in an index or rate, the Group's estimate of the amount expected to be payable under a residual value guarantee or in-substance fixed lease payments.

When the lease liability is remeasured, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Finance income from finance leases is recognised over the lease term, based on a pattern reflecting a constant periodic rate of return on the lessor's net investment in the lease whereas lease income from operating leases is recognised in profit or loss on a straight-line basis over the lease term.

**(i) Segment reporting**

For management purposes, the Group is organised into operating segments based on their products and services. The management of the Company regularly reviews the segment results in order to allocate resources to the segments and to assess the segment performance. Additional disclosures on each of these segments are shown in the Note 29 to the financial statements, including the factors used to identify the reportable segments and the measurement basis of segment information.

<b>Timing of revenue recognition</b>		
Over time	<u>31,001,349</u>	<u>20,433,436</u>

**Transaction price allocated to the remaining unsatisfied performance obligations**

Remaining unsatisfied performance obligations ("RUPO") represent the transaction price for goods and services for which we have a material right, but work has not been performed. Transaction price of the RUPO includes the base transaction price, variable consideration and changes in transaction price. As a practical expedient, the RUPO does not include contracts for which we recognise revenue at the amount to which we have the right to invoice for services performed or the performances obligation is part of a contract that has an original expected duration of one year or less.

As of 31 October 2024, the aggregate amounts of the transaction price allocated to the remaining performance obligation of the Group are amounted to RM12,840,783 (2023: RM7,449,468). The Group are expected to recognise the revenue in the next one year.

**NOTES TO THE FINANCIAL STATEMENTS AS AT 31 OCTOBER 2024**

**9. Earnings/(Loss) per share**

Basic earnings/(loss) per share

Basic earnings/(loss) per share of the Group is calculated by dividing net profit/(loss) for the financial year attributable to owners of the Company by weighted average number of ordinary shares in issue during the financial year.

	<b>Group</b>	
	<b>2024</b>	<b>2023</b>
Net profit/(loss) for the financial year attributable to owners of the Company (RM)	<u>1,302,312</u>	<u>(80,088)</u>
Weighted average number of ordinary shares in issue (units)	<u>255,000,000</u>	<u>255,000,000</u>
Basic profit/(loss) per share (sen)	<u>0.51</u>	<u>(0.03)</u>

Diluted earnings/(loss) per share

The diluted earnings/(loss) per share of the Group is identical to the basic earnings/(loss) per share as the Group has no dilutive potential ordinary shares as at the end of the reporting date. There has been no other transaction involving ordinary shares or potential ordinary shares between the reporting date and the date of authorisation of these financial statements.

	<u>                    </u>	<u>                    </u>

**14. Trade receivables**

The Group's normal credit terms ranging from 30 to 90 days (2023: 30 to 90 days). Other credit terms are assessed and approved on a case-by-case basis.

Included in the trade receivables is an amount of outstanding of RM286,870 for more than 2 years, due to the dispute of the subcontractor's work carried out.

The management has suspended payment of RM64,000 to the subcontractor for failed to or refused and/or was negligent to remedy defects due to unsatisfactory workmanship. The subcontractor has claimed against the subsidiary for the outstanding sum of RM64,000 with interest at the rate of 1.5% per month.

The subsidiary has counterclaim against the sub-contractor to recover this amount together with the cost of making good of the roofing.

A Consent Judgement was granted on 25 July 2024 requiring the subcontractor to make certain installation works based on its purchase order and the subcontractor is of the view that they have carried out installation works based on the Consent Judgement, this however differs from the management's view.

The management is in the progress of negotiation with the subcontractor on the above matter and the Directors are of the opinion that the amount shall be recovered upon the disputed work being certified safe by the independent third party.

Retained earnings/ (Accumulated losses)	(b)	1,780,068	477,756	(766,733)	(685,200)
		846,158	(456,154)	(766,733)	(685,200)

**(a) Merger deficit**

The distributable merger reserve is of deficit amounted to RM933,910 and is derived from the participation of the subsidiaries of the Company, Ray Go Solar EPC Sdn. Bhd. and Ray Go Solar Power Sdn. Bhd..

**(b) Retained earnings**

Under the single tier system introduced by the Finance Act, 2007 in Malaysia which came into effect from the year of assessment 2008, dividends paid under this system are tax exempt in the hands of shareholders. As such, the whole retained earnings can be distributed to shareholders as tax exempt dividends.

**NOTES TO THE FINANCIAL STATEMENTS AS AT 31 OCTOBER 2024**

**27. Significant related party transactions**

**(a) Identities of related parties**

Parties are considered to be related to the Group, if the Group has the ability, directly or indirectly, to control the party or exercise significant influence over the party in making financial and operating decisions, or vice versa, or where the Group and the party are subject to common control or common significant influence. Related parties could be individuals or other parties.

Related parties of the Group include:

- (i) Subsidiaries as disclosed in Note 12 to the financial statements; and
- (ii) Entities in which certain Directors, who are also the substantial shareholders of the parent, have substantial shareholding interests.

**(b) Significant related parties' transactions**

Significant transactions between the Group and the Company and Directors during the financial year were as follows:

	<b>Group</b>		<b>Company</b>	
	<b>2024</b>	<b>2023</b>	<b>2024</b>	<b>2023</b>
	<b>RM</b>	<b>RM</b>	<b>RM</b>	<b>RM</b>
<b>With Directors</b>				
Dato' Tan Boon Teck				
- Director fee	240,000	240,000	-	-
Datin Wang Rui				
- Director fee	192,000	192,000	-	-

The Directors are of the opinion that the transactions above have been entered into in the normal course of business and have been established on terms and conditions mutually agreed between the relevant parties.

The significant balances with related parties are disclosed in Note 16 and 26 to the financial statements.

**Financial risk management objectives and policies**

The Group and the Company are exposed to financial risks arising from their operations and the use of financial instruments. The key financial risks include credit risk, interest rate risk, cash flow risk and liquidity risk.

The Group's and the Company's financial risk management policy seeks to ensure that adequate financial resources are available for the development of the Group's and the Company's businesses whilst managing their credit risk, interest rate risk, cash flow risk and liquidity risk.

The following sections provide details regarding the Group's and the Company's exposure to the above-mentioned financial risks and the objectives, policies and processes for the management of these risks.

**Credit risk**

The Group's and the Company's exposure to credit risk, or the risk of counterparties defaulting, arises mainly from trade and non-trade receivables. The Group and the Company manage their exposure to credit risk by the application of credit approvals, credit limits and monitoring procedures on an ongoing basis. For other financial assets (including fixed deposits and bank balances), the Group and the Company minimise credit risk by dealing exclusively with high credit rating counterparties.

Registration No.: 201901004963 (1314290-M)  
(Incorporated in Malaysia)  
**AND ITS SUBSIDIARIES**

**NOTES TO THE FINANCIAL STATEMENTS AS AT 31 OCTOBER 2024**

**28. Financial instruments (continued)**

**Financial risk management objectives and policies (continued)**

**Credit risk (continued)**

The Group and the Company establish an allowance for impairment that represents its estimate of incurred losses in respect of the trade receivables as appropriate. The main components of this allowance are a specific loss component that relates to individually significant exposures, and a collective loss component established for groups of similar assets in respect of losses that might have been incurred but not yet identified. Impairment is estimated by management based on prior experience and the current economic environment.

Exposure to credit risk

As the Group and the Company do not hold any collateral, the maximum exposure to credit risk is represented by the carrying amount of the financial assets as at the end of the reporting period.

Recognition and measurement of impairment loss

The Group uses a provision matrix to measure ECLs of trade receivables.

Loss rates are based on actual credit loss experience over the past three (3) years. The Group also considers differences between (a) economic conditions during the period over which the historic data has been collected, (b) current conditions and (c) the Group's view of economic conditions over the expected lives of the receivables. Nevertheless, the Group believes that these factors are immaterial for the purpose of impairment calculation for the financial year.

Ageing analysis

The ageing analysis of the Group's trade receivables as at reporting date is as follows:

	<b>Gross amount RM</b>	<b>Loss allowances RM</b>	<b>Carrying amount RM</b>
<b>2024</b>			
Not past due	4,004,812	-	4,004,812
Past due:			
- more than 1 month	7,862	-	7,862
- more than 2 months	491,618	-	491,618
- more than 3 months	1,475,555	-	1,475,555
	<u>5,979,847</u>	<u>-</u>	<u>5,979,847</u>

Ageing analysis (continued)

The ageing analysis of the Group's trade receivables as at reporting date is as follows:  
(continued)

	<b>Gross amount RM</b>	<b>Loss allowances RM</b>	<b>Carrying amount RM</b>
<b>2023</b>			
Not past due	407,846	-	407,846
Past due:			
- more than 1 month	730,795	-	730,795
- more than 3 months	838,074	-	838,074
	<u>1,976,715</u>	<u>-</u>	<u>1,976,715</u>

***Fixed deposits and bank balances***

The fixed deposits and bank balances are held with banks and financial institutions. As at the end of the reporting period, the maximum exposure to credit risk is represented by their carrying amounts in the statements of financial position.

As at the end of the reporting period, the Group and the Company did not recognise any allowance for impairment losses.

**Interest rate risk**

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rate. The Group's exposure to interest rate risk arises mainly from interest-bearing financial liabilities. The Group's policies are to obtain the most favourable interest rates available. Any surplus funds of the Group will be placed with licensed financial institutions to generate interest income.

The following table indicates its effective interest rates at the reporting date and the periods in which they mature or are repriced.

**AND ITS SUBSIDIARIES**

**NOTES TO THE FINANCIAL STATEMENTS AS AT 31 OCTOBER 2024**

**28. Financial instruments (continued)**

**Financial risk management objectives and policies (continued)**

**Cash flow risk**

The Group and the Company review their cash flow position regularly to manage their exposures to fluctuations in future cash flows associated with its monetary financial instruments.

**Liquidity risk**

Liquidity risk arises mainly from general funding and business activities. The Group and the Company practise prudent risk management by maintaining sufficient cash balances and the availability of funding through certain committed credit facilities.

*Maturity analysis*

The table below summarises the maturity profile of the Group's and of the Company's financial liabilities as at the end of the reporting period based on undiscounted contractual payments:

**NOTES TO THE FINANCIAL STATEMENTS AS AT 31 OCTOBER 2024**

**28. Financial instruments (continued)**

**Fair values**

The financial assets and financial liabilities maturing within the next 12 months approximated their fair values due to the relatively short term maturity of the financial instruments.

**29. Segment information**

**(a) Business segments**

The Group is organised into two major business segments:

- (i) Sales of energy generated from solar projects; and
- (ii) Engineering, Procurement, Construction and Commissions ("EPCC") in solar project; and operations and maintenance for solar projects

The management monitors the operating results of its business units separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on operating profit or loss for the financial year, in certain respects as set out below, is measured differently from operating profit or loss in the consolidated financial statements.

**29. Segment information (continued)**

**(b) Geographical segments**

The Company only operates in Malaysia, being the Company's home country. As such, there is no separate reportable segment by geographical area.

**30. Capital commitments**

Capital commitments as at reporting date are as follows:

	<b>2024 RM</b>	<b>2023 RM</b>
<b>Group</b>		
<b>Contracted and provided for:</b>		
- Acquisition of property, plant and equipment	<u>269,414</u>	<u>269,414</u>

**31. Capital management**

The Group manages its capital to ensure that the Group will maintain an optimal capital structure so as to support their businesses and maximise shareholder(s) value. To achieve this objective, the Group may make adjustments to the capital structure in view of changes in economic conditions, such as adjusting the amount of dividend payment, returning of capital to shareholders or issuing new shares.

The Group monitors its capital using the debt-to-equity ratio. The debt-to-equity ratio is calculated as net debt divided by total equity. Net debt is calculated as borrowings less cash and cash equivalents.

The debt-to-equity ratio of the Group as at the end of the reporting period was as follows:

<b>Group</b>	<b>2024 RM</b>	<b>2023 RM</b>
Borrowings and lease liabilities	8,054,570	8,431,771
Less: Cash and bank balances	(2,229,562)	(250,135)
Net debt	<u>5,825,008</u>	<u>8,181,636</u>
Total equity	<u>11,171,028</u>	<u>9,868,716</u>
Gearing ratio (times)	<u>0.52</u>	<u>0.83</u>

The Group's capital are represented by its total equity in the statement of financial position. The Directors monitor the adequacy of capital on an on-going basis.

There is no external capital requirement imposed on the Group.
