ADVANCING WOMEN LEADERS

The Boston Club Women's Business Forum at Babson College Tuesday, November 10, 2026 | 5:30 - 8 pm

Leading in the Age of AI: How Women Leaders are Shaping the Future of Business

The Boston Club Women's Business Forum at Babson College will bring together women leaders, corporate directors, senior executives, entrepreneurs, and thought leaders for a timely discussion on the opportunities and challenges AI presents for business leadership. The Forum will explore how women are leading AI transformation across organizations – and how they are preparing themselves, their companies, and the next generation of leaders for a rapidly changing world.

As AI reshapes business, governance, entrepreneurship, and society, women have an extraordinary opportunity to help define how organizations innovate, compete, govern, and create long-term value.

The Boston Club and Babson College are uniquely positioned to convene this conversation to explore how women can lead with confidence and purpose in the age of AI.

The Boston Club Women's Business Forum is not simply about AI. It is about the future of leadership!
