AMERICAN PSYCHOLOGICAL ASSOCIATION

To:

I am pleased to invite you to APA 2027, the convention of the American Psychological Association (APA), in San Francisco, CA, August 12-14, 2027.

Often featuring more than 10,000 attendees and over 900 presentations covering every sub-field of psychology, APA's convention is where scientists, educators, practitioners, and applied psychologists from around the world come together to explore the most compelling issues in the discipline. We especially value the participation of psychologists from abroad because the perspective of colleagues from other countries helps ensure that our science and profession will continue to transcend cultural and national boundaries.

Registration will open in April 2027. Our invitation cannot include an offer to waive registration or defray travel or lodging expenses, nor can we contact U.S. embassies on your behalf, offer additional visa support beyond this letter, or provide legal support while in the U.S. For additional information about APA 2027, please visit https://convention.apa.org/ or contact the APA Convention Office at meetings@apa.org as we get closer to the date of the conference.

Sincerely,

Amanda B Clinton
