Bodu Hithi Island, in North Malé Atoll, is our beautiful Maldivian resort. The rhythm of life here is serene. The essential tropical mood stimulates and refreshes the senses. And the mystery of the House Reef meets the open elegance of pristine palm-fringed beaches. That the Malé International Airport is only 40 minutes away feels unreal.

An aerial photograph of a tropical resort in the Maldives. The resort features a large, heart-shaped lagoon in the center, surrounded by a circular arrangement of overwater bungalows with thatched roofs. A long, curved wooden walkway connects the bungalows and leads to a small island with a white sandy beach and lush greenery. In the background, another cluster of bungalows is visible on a separate island. The water is a vibrant turquoise color, and the sky is a deep blue. The text "MALDIVIAN AT HEART" is overlaid in white capital letters across the center of the image.

# EXPERIENCES

# COCO

S P A

---

Our award-winning Maldives spa has wellbeing at its heart and the power of nature at its fingertips. Harmony radiates throughout Coco Spa in the Maldives. Eight rooms, each named after parts of the coconut palm, offer the perfect haven in which to lose the world outside and reconnect with your body and mind.

A menu of deeply restorative treatments inspired by Thai and ancient Indian and Chinese techniques, inspired by the healing properties of tea. You can find yourself under the hands of our skilled Thai masseurs in the Raa room, or taking our signature ritual, Journey to the Maldives, in the Kurumba room.

# Ocean DIVE

## RICH MARINE LIFE

---

Blessed with one of the best House Reefs in North Malé atoll.

Just 15 minutes away is the Turtle Point; one of the most loved snorkelling sites in the region where Hawksbill turtles are often spotted.

You may also be lucky enough to spot reef manta rays during their seasonal appearances by our island, while eagle rays and nurse sharks are common sightings throughout the year.

## MARINE BIOLOGY

---

Our resident marine biologist at the resort is responsible for developing our marine conservation and protection programmes.

They monitor the coral reefs and conduct coral replanting schemes to strengthen these important ecosystems. In 2023, we partnered with the University of Milano-Bicocca, one of the leading institutes for coral regrowth research, to strengthen our coral planting programme with new research and cutting-edge techniques.
