

## FAMILIES AT PULLMAN MALDIVES

At Pullman Maldives we take the business of happiness seriously, that is why we have plenty of activities and adventures for the whole family.

The stunning setting surrounded by lush vegetation is perfect for parents wanting to enjoy the natural beauty of the island, but is also an exciting playground for kids, with a variety of indoor and outdoor activities. Be prepared for the little ones to go wild as they explore the island, inspire their minds and create unforgettable memories.

But that's not all, we also have a "Teens Only" program by Pullman. From fun-filled, adrenalin-fueled days, adult-free zones and freedom at night; there's plenty of opportunities for teenagers to have fun at Skillz.
