Every moment we choose magic!

The Maldives' most well-kept surprise opening, Ifuru Island Maldives, is now open for guests. A lush natural island boasting a 1 km long stretch of white sandy beach with spectacular sunset views, the Ifuru island concept brings unique and engaging experiences for guests seeking social connections and everything Maldives in one place. Ifuru Island proudly stands on four pillars: SOCIAL, FUN, LIFESTYLE, and GREAT VALUE. We foster a playful and social atmosphere, intentionally designed to make every moment unforgettable. Located in the stunning Raa Atoll, this luxury premium all-inclusive resort offers 147 elegant beach suites and villas, including those with all sunset views, direct beach access and personal pools. Six dining options including two signature restaurants and four bars create a culinary journey for guests to indulge in the resort's 24-hour, premium all-inclusive, dine-around experience.

To make the most of it's private airport and elevate exhilarating activities even further, Ifuru Island has collaborated with 21k-jump World Champion skydiver Will Penny to create the Maldives' first permanent skydiving drop zone, providing a once-in-a-lifetime opportunity to skydive in one of the most beautiful locations in the world. Ifuru Island offers a wealth of experiences and activities to suit every guest. From diving with sharks and surfing the waves, to Xanadu Spa treatments and extensive sports facilities – both on-land and on the waves. Younger guests are kept entertained too as they let their imaginations soar and immerse themselves in the wonders of the Maldives at the Coconut Kids Club and Little Explorers Club.
