

Entry Level Construction Engineering

Trotter and Associates, Inc. has developed an expert group of professionals and is seeking qualified individuals to join our team.

TAI is seeking a new grad interested in a career in construction engineering and management. This position will work directly with Project Managers and Engineers to facilitate the construction of municipal infrastructure. Responsibilities may include resident engineering, construction administration, constructability review, shop drawing review, pay request review, project documentation, presentations of progress and conducting construction meetings.

Each team member is expected to have strong communication and presentation skills as this is a very client facing position. TAI team members are leaders in the industry and are encouraged to be involved in local, regional and national associations to continue their professional development.

Team Members Qualities:

- Professional/Hard Working
- Organized/Accountable
- Good Listener/Effective Communicator
- Strong Problem Solving Skill
- Sound Adviser
- Engaging Presenter
