Dear Member:

Thank you for your membership to the Area Heritage Foundation last year. The response from all our members was heart warming. It would be most thoughtful of you if you would continue to include the museum in your tax-deductible "giving" plans. Because we are not supported by taxes or other public funds, we need your contributions to continue to operate the museum and to preserve our past.

A membership card is enclosed to help your Foundation save money on postage.

Thank you again for your helpful support in the past and for the support we hope you will provide this year.

Cordially,

The Area Heritage Foundation Trustees
