

Educate

AND DOMINATE

RSCK SCHOOL OF REAL ESTATE

01 Our interactive, up-to-date courses build real-world skills, systems, and confidence for success in real estate. Expert instructors with local knowledge and industry passion deliver guidance that's ethical, practical, and impactful. Learn from the best to become your best!

CONTINUING EDUCATION

→ Keep your license (and your skills) fresh! Every two years, Kansas requires 12 hours of continuing education (CE), including a 3-hour Kansas Required Core course and 9 elective hours. Brokers also must complete a 3-hour Broker Core as part of their 12 hours. Don't forget: all REALTORS® must also complete 3 hours of Code of Ethics training and 3 hours of Fair Housing every three years, per NAR requirements.

02

DEADLINES

03 Don't wait until the last minute—complete and submit your CE at least 3 business days before your license expires to the RSCK School of Real Estate, so it can be reported and processed to the Kansas Real Estate Commission (KREC) in time. Plan ahead and stay stress-free!

SCHEDULE AND FEES

→ Kansas licenses renew every two years, either on the anniversary of your license or alphabetically (for older licenses). Renewal fees are \$125 for salespersons and \$175 for brokers, so keep those dates and dollars in mind.

04

FIND YOUR NICHE

05 Discover what makes you unique in the market by finding your niche — whether it's luxury homes, first-time buyers, farms, or investments — take it to the next level with a certification or designation from the RSCK School of Real Estate. These specialized courses help you sharpen your expertise, boost your credibility, and set you apart from the competition with skills clients will notice and trust!
