

Medication Assisted Treatment for Opioid Dependence (MATOD) Clinical Observation Opportunity

Addiction Health – Alfred Care Group

About Us

Alfred Mental and Addiction Health (AMAH, part of Alfred Care Group/Bayside Health) offers a comprehensive range of mental health and addiction services aimed at supporting individuals experiencing a variety of mental health and substance use challenges.

We are excited to offer an opportunity for interested GPs and NPs to access funded clinical observation time across our Addiction health Program. Our highly experienced MATOD prescribers work within a multi-disciplinary team. Our services are designed to provide holistic, patient-centred care to help individuals manage their conditions, improve their well-being, and enhance their quality of life.

This activity has been made possible by funding from South Eastern Melbourne Primary Health Network.

Structure

- Placements to be offered to GPs and NPs Victoria Wide. GPs and NPs will be identified by SEMPHN.
- Optimal placement for observers is 8x half days for GPs and 4x full days for NPs. This will vary and depend on available activities and your capacity.
- Placement activities to be agreed prior to start of placement, to support coordination and ensure capacity for discussion and reflection of observation
