

X-TEX is a contemporary garden paving range. X-TEX paving combines the durable qualities of traditional concrete with a striking textured surface finish, offering both aesthetic appeal and practical functionality for all your paving needs.

Manufactured with a blend of limestone aggregates and granite, X-TEX paving has a lustrous exposed surface finish and is both decorative and long lasting. Available in three elegant colours; grey, buff and graphite, X-TEX provides a premium, yet cost effective solution ideal for modern, outdoor and garden spaces. The paving slabs are produced using state-of-the-art shotblasting technology, creating both a durable and slip resistant product.
