REF: **Operations Report for July 2025**

The July monthly report is running later than usual. My vacation leave at the end of July and beginning of August delayed the auditing process, and then other issues have taken priority since my return. I apologize for the delay.

The Brookville Fire Department experienced an “average” month in July. We responded to a total of **177** calls for service; **144 were EMS-related** and **33 were non-EMS**. This is about what we expect for a typical July.

The month was busy in other respects, as we always have lots to do for the Brookville

Community Picnic. I am happy to report that other than a few heat-related illnesses, all went well with the picnic and fireworks that followed.

Major construction work is nearing completion at the DMAX Brookville facility. This project has required many hours of both code enforcement activity and training for our personnel. It is a facility Brookville can be proud of.

On Friday, July 18, Mayor Letner administered the Oath of Office to FF/Paramedic Megan Vaughn during a city-wide luncheon at Fire Station 76. Megan has moved from part-time to full-time status with BFD.

While testing the fire pump operations at DMAX, the crews took the opportunity to practice placement of our aerial device.

DMAX is the largest facility in Brookville, measuring almost 1.3 million square feet.

All suppression systems and FD access to the building was found to be as expected.
