

CAPABILITY STATEMENT

2026 / 2027

About HMC Group Solutions

HMC Group Solutions is a proudly Australian and First Nations owned and operated business, delivering integrated training, safety, compliance, occupational health and inspection services across a diverse range of industries.

With strategic bases in Dubbo and Wagga Wagga, NSW, we support clients throughout Australia with practical, reliable and tailored solutions that help businesses remain safe, compliant and workforce ready. Through our specialised divisions, HMC Group Solutions provides nationally recognised training, occupational screening services, equipment inspection and certification, and workplace safety and compliance support.

Committed to quality, innovation and exceptional service, we take pride in building long-term relationships and delivering solutions that support the evolving needs of the industries we serve.

HMC Group Solutions – Your Partner for a Safer Tomorrow.

Our **CORE VALUES**

CUSTOMER CENTRIC APPROACH

At HMC Group Solutions, our customers are at the centre of everything we do. We understand that every business operates differently, which is why we take the time to understand each client's needs and provide practical solutions that work.

Whether it's responding to an urgent request, developing a tailored service offering, or supporting a client through a challenging situation, our focus remains the same, delivering reliable services and building long-term relationships based on trust, responsiveness and results.

QUALITY

Quality is not just about the services we deliver; it is reflected in every interaction, every assessment and every outcome. We are committed to maintaining the highest standards across all areas of our business, ensuring our clients receive professional, reliable and consistent service every time. Through continual improvement, attention to detail and a commitment to doing things properly, we strive to exceed expectations and deliver outcomes our clients can depend on.

INNOVATION

Innovation is part of who we are. We continually invest in new technologies, equipment and service solutions that improve safety, compliance and training outcomes for our clients. From realistic training simulations and practical learning environments to the development of our mobile occupational screening unit, we are committed to finding better ways to deliver services. By embracing innovation and adapting to industry needs, we ensure our clients have access to modern, effective and forward-thinking solutions.

Nationally Recognised Training

HMC Group Solutions delivers industry-leading Nationally Recognised Training on behalf of NNZMC Pty Ltd trading as Industry Skills Solutions RTO 45974,

This collaboration grants us access to over 400 nationally recognised units of competency.

We take pride in offering a diverse scope of delivery, allowing us to tailor training packages to meet your specific needs backed by the people, equipment, and expertise to deliver quality outcomes.

Our training can be conducted at our venues in Dubbo NSW, and Wagga Wagga NSW, or delivered onsite at client-supplied locations. Using dedicated training simulators, we ensure that training experiences are realistic, hands-on, and industry-relevant.

Our scope includes:

- **Earthmoving Plant Training**
- **Forklift Training**
- **Working at Heights Training**
- **First Aid Training**
- **EWP Training**
- **Confined Spaces Training**
- **Whitecard Training**
- **Telehandler Training**
- **Drilling Training**
- **4WD Training**
- **G1, G8, G9 Mining Supervisor Training**
- **Vehicle Loading Crane Training**
- **Emergency Training**
- **Traffic Control Training**

RITE4SITE

OCCUPATIONAL SCREENING

Occupational Screening

RITE4SITE, proudly part of HMC Group Solutions, provides reliable, compliant and flexible occupational screening services throughout Australia. Combining experienced personnel, industry-recognised methodologies and flexible service delivery, RITE4SITE assists organisations in maintaining safe, healthy and productive workplaces.

Our team provides 24/7 availability for post-incident and reasonable suspicion screening, mobile and site-based screening services, policy development, education and training, and support with implementing effective workplace health programs.

In addition to our established drug and alcohol screening services, RITE4SITE also offers respirator fit testing, spirometry and occupational audiometric screening services.

Our services include

- **Urine, Oral Fluid and Breath Alcohol** screening for pre-employment, random, blanket and post-incident screening
- **Chain of custody confirmatory testing** in partnership with NATA accredited pathology providers
- **Respirator Fit Testing**
- **Occupational Audiometric Screening** (Workplace Hearing Assessments)
- **Spirometry** (Lung Function Screening)
- **Onsite and Mobile testing services** minimising down-time and workplace disruptions
- **24/7 Availability** for post-incident and reasonable suspicion screening

INSPEKTA

SAFETY EQUIPMENT SUPPLY & INSPECTIONS

Equipment Supply & Service

INSPEKTA is proudly part of HMC Group Solutions Pty Ltd. The formation of INSPEKTA followed HMC Group Solutions' strategic acquisitions of a height safety system installation company in 2024 and a fire safety systems company in 2023.

Why choose INSPEKTA? We know you're paying for the service. Not the Tag.

Our services include

- **Inspection, servicing and supply of fixed and portable fire protection equipment**
- **Steel pallet racking inspections**
- **Portable appliance testing (Single Phase, Three Phase, RCDs, and Microwave Testing)**
- **Inspection, servicing and supply of First Aid Equipment and AEDs**
- **Height safety equipment supply and inspection**
- **Inspection, servicing, supply and certification of fixed height safety systems**
- **Inspection of ladders and non-powered access equipment**

Workplace Consultation & Compliance

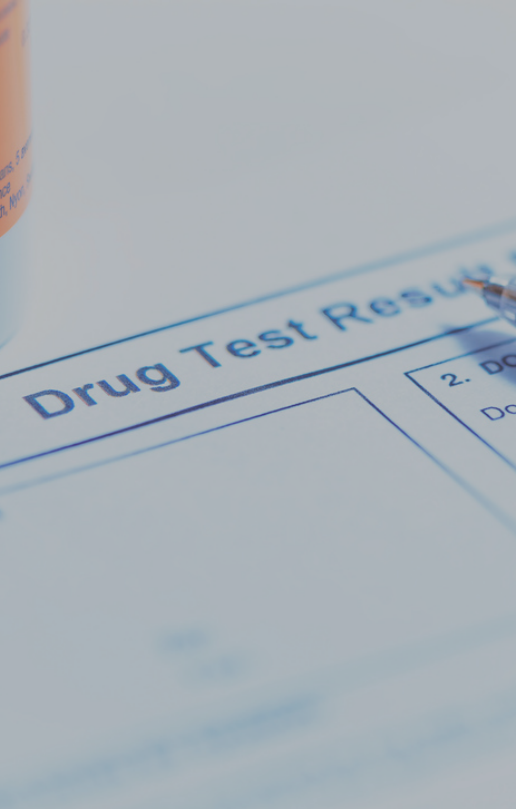

HMC Group Solutions provides expert workplace safety consultation to help businesses navigate compliance requirements, mitigate risks, and create safer working environments.

Our tailored solutions support businesses across mining, construction, renewables, and infrastructure, ensuring they meet industry regulations and best practices.

Our services include

- **WHS Audits & Risk Assessments** identifying hazards and improving workplace safety
- **Safety Management System Development** tailored policies, procedures, and documentation
- **Incident Investigation & Risk Mitigation** expert analysis and compliance-driven solutions
- **Site Safety Inspections & Compliance Checks** ensuring adherence to regulatory standards
- **Emergency Response Planning & Training** customised solutions for crisis preparedness
- **Ongoing Safety Support & Advisory Services** keeping your workplace compliant and up to date

With a practical and results-driven approach, we work closely with businesses to enhance safety culture, reduce risks, and ensure compliance with SafeWork NSW and industry standards.
