

FIRSTLOCK

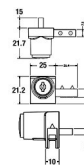

Firstlock is a range of specialty cabinet locks. Firstlock products offer a value for money and reliable solution to all small locking applications. Firstlock has been developed over the last 15 years to match in with industry requirements for cabinet & furniture locking. The Firstlock range includes camlocks, filing

cabinet locks, locker locks, T & L handles, castors, desk fittings, handles & knobs, drawer & cupboard locks, showcase locks, flush handles and push locks. Many of our Firstlock locking range products include a removable barrel system on the 60000 series keyway.

GLASS SHOWCASE LOCK

The sliding glass showcase locks have a locking pin that protrudes from the back of the lock when locked with the key. Features include:

- Push to lock
- Fixed into track by grub screws
- Reversible handing
- Suitable for several major extrusion tracks
- Accepts BREM2-CLKA or KD barrels
