An Open Letter to Our Community,

I am Brian Leffler, a licensed funeral director and Certified Celebrant, dedicated to helping families create meaningful ceremonies that honor their loved ones' lives in a way that is as unique as each individual. It has always been our mission to provide you with professional services that cater to your needs and ensure your satisfaction.

In serving our community, we have come to realize a pressing need for affordable funeral and cremation services. We understand that these difficult times are made even more challenging by financial concerns, and we are committed to addressing this issue. We believe that everyone should have access to dignified and respectful final arrangements without the burden of excessive costs.

At all our funeral homes, we continue to offer our unwavering commitment to your satisfaction. If, for any reason, you are not completely satisfied with any of our professional services or facilities, you will not be charged for that particular service. Our aim is to take the uncertainty out of selecting a funeral home during your time of need.

For those considering cremation, we provide the ultimate peace of mind and flexibility. Your loved one remains in our care throughout the process, and we guarantee the return of 100% of the recoverable ashes. You can even choose to witness the entire process, and there is no requirement to purchase or rent a casket. We are fully transparent about our crematory, and you can explore it with a virtual tour on our website.

Pre-planning your cremation or funeral service is a thoughtful and considerate way to ensure your wishes are honored and your family has no doubts about your desires. We offer pre-planning options with or without prepayment, including affordable monthly payment plans. For individuals under hospice care, we have a 6-month price guaranteed pre-plan, and prepayment is not required. We also provide free in-home consultations to discuss your preferences.

If you are a veteran or the family of a veteran, we are dedicated to helping you secure the final expense benefits you are entitled to receive. These benefits include cemetery property at a national cemetery, perpetual care, grave opening and closing, an outer burial container, a bronze or granite marker, a flag to drape the Veteran's casket, a Presidential Certificate, and more. We handle all the paperwork, and all you need to bring is the DD-214.

Our core values revolve around peace of mind, economy, and personal choice. Pre-planning your arrangements not only ensures your affairs are in order but also prevents your family from bearing an unnecessary burden during a difficult time. It helps control costs and avoids emotional overspending. Expressing your wishes enables you to have the funeral or cremation service exactly as you envision it, reducing the potential for family disagreements.

We want to emphasize that a fine funeral or cremation service need not be costly. Our Simplicity funeral packages, which you can find on our website, are designed to offer quality service at affordable prices. We encourage you to shop around and compare our offerings.

Please know that we are here for you, ready to provide guidance, support, and the highest level of service during your time of need. If you have any questions or would like to discuss your options further, do not hesitate to reach out to us. Your comfort, peace of mind, and affordable choices are our top priorities.

Respectfully,

Brian D. Leffler
