

"Yea, so have I strived to preach the Gospel, not where Christ was named,"

TO WHOM HE WAS NOT SPOKEN OF THEY SHALL SEE!

So an ophthalmologist can give sight at times to those who are blind. But there is a blindness they cannot cure, not with all the technology available to man, nor ever will. That is the radical spiritual blindness of an unsaved soul. A blindness that leads to empty sinful lives and finally death and eternal judgment. As missionaries in the 1040 Window you help us, through Him, to offer life changing vision, a revolutionary new world view, to those steeped in darkness. Our successes are your successes and God's gift of fruit to the faithful. Please enjoy evidence of your fruit as you read this newsletter.

ESL/Bible Program

The staff

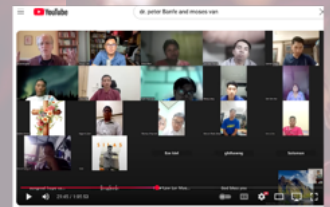

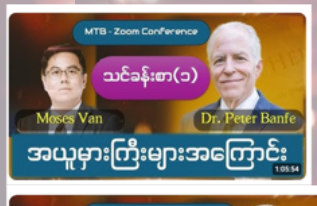

English as a Second Language (ESL)/ Bible School:

Our ESL Bible School continues to be a success teaching Bible through study of the English language. We have around 45 students this Fall 2025 semester some, learning the foundational doctrines of our faith, while others to through a more advanced verse by verse study through the book of John. Only a fatally hardened soul could not be moved by the teaching of the Holy Writ. Please pray for us as we work to increase our student body size as well as implement a new strategic partnership with another school to get even more Buddhist, Muslim and cultural Christian students for the program.

Pastor Conferences:

Edifying the Saints-Teaching others Also

We've uncovered a blessing! been holding conferences in Thailand, Burma, Indonesia, Malaysia and Singapore to teach pastors on Issues such as cults verse by verse exegesis through the Bible. What we do is both hold conferences in person and also online via Zoom. But here is the amazing channel God just revealed to us. YouTube. We posted our first conference on cults on YouTube last week and have already had over 6,000 Burmese watch it! Praise God. I will be giving another conference in Thailand in around 6 weeks on the book of Romans. We are planning on 60 pastors and Christian workers to attend. Then we will divide out the conference into smaller videos and again use our YouTube station to distribute the teaching to 1000s more. PRAISE: We have been told that many are downloading and sharing it with others!

Publications and MTB Radio

Above is a Bible study being held by Burmese women with unbelievers. What a blessing to see our publications Gospel booklet used to disciple unbelievers in the Word and see their joy learning what a loving God has done for them!

MTB Radio: God is using our radio station mightily. We estimate in just July and August we have had over 624 listeners in 22,459 separate listening sessions, for over 215 hours. The most popular programs were the Deity of Christ and Studies in Hebrews.

Refugee Children's Ministry

The children's ministry is thriving. There are so many Burmese immigrant children, mainly Buddhis and Muslim, but some Christian, most distraught, discouraged, with an uncertain future, looking for love and hope. And this we have to offer. The love of Christ.

In the third picture you may remember July, a Buddhist girl abused by a Christian minister. Now, under this ministry, she is a joyous, zealous Christian girl, bringing other kids to hear about Christ and her mother is growing in the faith. Please pray for expansion of this ministry to include renting a new building an expanded program including Bible as well as trades, computer, and basic first aid and health. And pray that we will see many of these young ones grow to be faithful Christians and leaders in their communities.

We the Banfes and those who serve at MTB thank you from the bottom of our hearts for your love, prayers and support for God's work.
