

The Lord has blessed us with many faithful men of God who are planting churches in unreached areas of Latin America. I try to travel every year to train pastors and congregations in fulfilling the Great Commission (Soul winning, baptizing, discipling, training servants, sending them out, and multiplying churches)

I also bring Bibles, which are so needed in these countries; study materials for pastors, radios for the blind and those who cannot read, and tracts for soul winning. But these trips come at a cost, and I often have to ask for help.

That's why I'm praying the Lord will allow me to build up my Travel Fund, so I won't need to raise support for every individual trip. Instead, I can focus on reporting what God is doing in Latin America and continuing the mission without delay.

If you would like to be part of this ministry through the Travel Fund, please write the check to HELP Ministries and on the memo line write: **Cesar Bascur Travel Fund** It will be deposited and reserved for future trips.

I want to thank you for your faithful support—the Lord is truly moving in Latin America! The harvest is truly plenteous, but the laborers are few. We need to train more laborers and plant more churches, and you can be a part of this.

Let's raise up more laborers for Latin American church planting and the world!
For His Glory,

Missionary Cesar Bascur
Latin America Church Planting

Fernando's Family

Grace Baptist church Panama

Fernando receiving our Bible Material

I want to introduce you to a faithful servant of God, Pastor Fernando, a veteran missionary with over 22 years in the ministry. His life and family are a living testimony of commitment to God's work. Alongside his wife Jovaline, three of his four children serve as missionaries in different countries: in Ghana, his daughter Miroslava; in Italy, Fernando Jr; and in Mexico, his son Efraim while Pastor Fernando is in Panama, where he is passionately reaching souls and planting churches.

By God's grace, he has already established two churches, with little to no financial support, and he's now stepping out by faith to plant a third church on the outskirts of Panama City. His burden for the lost is matched by his action every Saturday, without fail, he goes out soul-winning, and the Lord is blessing his efforts with new converts.

Brother Fernando currently rents three locations for preaching and ministry, paying for them out of his own pocket. This is a heavy burden, yet he continues with joy, always saying: *"No effort is too great for the Lord."*

I'm praying the Lord would raise up 10 churches or individuals who would commit to \$25 per month, to help provide a modest \$250 in monthly support. This small amount will go a long way for him, allowing him to focus fully on soul-winning, discipleship, and church planting.

If you are interested in supporting Pastor Fernando, contact me, or you can write the check to HELP Ministries, and on the memo line add: Fernando Justiniani in Panama. He will be receiving this support and he will send a Prayer Letter to you every 3 months.

Worship Service

Aron & Keila

The second missionary I would recommend is Pastor Aron Filo and his wife Keila. They have been married for 2 years and are expecting their first child. He was ordained to the ministry a year and a half ago, starting a church in Capira, Panama.

The Lord has blessed their efforts; He currently receives little to no financial support. They rent the place where they meet and faithfully go soulwinning every Saturday.

If you would like to be part of their missionary effort, or if you are interested in supporting Pastor Aron Filo, contact me, or you can write the check monthly to HELP Ministries, and on the memo line add:

Aron Filo in Panama. He will be receiving this support and will send a report letter to you every 3 months.

PANAMA

Dear Partners in the Gospel,

I bring you greetings from the beautiful country of Panama, a land of great spiritual need. Known around the world for the Panama Canal, this narrow strip of land in Central America connects two oceans and facilitates nearly 10% of global maritime trade, with over 14,000 ships passing through annually, carrying more than \$270 billion in cargo. Yet, while much of the world passes through Panama, there remains a deeper need within: the Gospel of Jesus Christ.

Panama has a population of approximately 4.45 million people. While 85% identify as Catholic, only 9% claim Jesus Christ as their personal Savior. The fields are truly white to harvest, and there is still so much work to be done!

By God's grace, we currently have four faithful missionaries laboring in Panama. These men are on fire for the Lord and truly mission minded. Together, they have planted 12 churches and continue to reach the lost with zeal and perseverance. With your help, we were able to bring 300 Bibles to distribute to new believers and those recently baptized. We also provided 30 solar-powered audio Bibles, which are for those who cannot read but they can hear. These gifts are already bearing fruit!

A special thank-you to Brother Bonifacious, who generously donated study materials in Spanish to help local pastors grow in the knowledge of God's Word and train future leaders. Some of these pastors are working with great sacrifice, often paying for their meeting places out of their own pockets. In the attached letter, I will share their testimony specifically and how you can personally support these heroes of faith.

One of the greatest blessings of this trip was the **Missionary Training Conference**, which I had the honor of directing alongside Pastor Dan Breneman (Marion, NC) and Dr. Tom Knickerbocker (Florida). This was the highlight of the trip and a strategic investment into the future of the church in Panama.

We taught 9 sessions focused on The Great Commission:

- Missions and the Church
- Evangelism and Baptism
- Discipleship
- Establishing Local Churches
- Training Leaders
- Sending out Missionaries
- Supporting Missions
- Churches that Multiply
- And Reach Every Village unto the Uttermost!

Three men surrendered to full-time ministry during the conference. Praise God! This is the heart of our mission to train others who will continue the work long after we are gone.

Due to political unrest, road blockages, protests, and violence we had to end the conference one lesson early and leave the city sooner than expected. Despite these challenges, God protected us, and we were richly blessed to worship and fellowship with our brothers and sisters in Panama.

To those who supported this trip financially. thank you from the bottom of my heart. Your generosity helped cover:

PANAMA

- My airfare
- Food for pastors and churches during the conference
- Training materials in Spanish
- 300 Bibles and 30 Solar-powered Bibles for those who cannot read
- Transportation and accommodation expenses

Every soul saved, every pastor trained, every church planted in Panama is fruit to your account.

In the next page, I will introduce you to two missionaries in Panama who are doing incredible work with little to no support, who I think are worthy of your support. With even a small monthly investment.

Jesus said, "The harvest truly is plenteous, but the labourers are few." Will you pray with us? Will you give? Will you go?

Let's raise up more laborers for Latin American church planting and the world!

For His Glory,

Missionary Cesar Bascur
