October 2025

Dear Supporters and Prayer Partners:

Fall has arrived and our days and nights are getting cooler. We had a very blessed summer and thankful for all God has done for us during the summer season. So thankful for our supporting churches and the meetings we have had with you over the past several months. Such an encouragement seeing that there are churches staying to the truth of God's Word, souls being saved, churches growing and excited about what God is doing in these last days. So many answered prayers not only for our family but for our Christian brothers and sisters. God is still doing miracles and souls are still getting saved. Praise the Lord.

The Lord has blessed me to be a help to several churches and pastors lately, and I thank Him for that. We have seen several pastors with health issues and struggling but God just keeps blessing them for their faithfulness. We were able to help a family who had lost their daughter to drugs this past month. The daughter had professed to be saved at an early age but got into the world and drugs took her life. We were able to present the Gospel and to be an encouragement to the family. I have been privileged to preach funerals at a local funeral home where the families do not have a church or pastor to do the services, and this has been a great blessing because I have free course to present the Gospel and pray with the immediate families.

We had to cancel 2 meetings this year because of Kathy's health. She had to have hip replacement and that went well, and everything went as expected. Then in September, she got to where she could not walk without a walker/cane. After a couple of specialists and MRI, they have found that she has an issue with her spinal canal. It is called Lumbar Spinal Stenosis (LSS). It's very painful and limits her walking. She is seeing a Spinal Specialist, and they are going to start injection series for a few months, and if that doesn't take care of the problem, then she will have spinal surgery. Keep her in your prayers please, and we have appreciated the cards and calls to encourage her. God bless each of you and so thankful for your faithfulness to the Lord.

Keep Faithful,

Dave & Kathy
