Dear Praying Friends,

I'm so thankful to have the chance to share a quick update with you about what God has been doing these past couple of months. Life on the road has been busy — but in the best way.

In **July and August**, our family traveled through **Michigan, Indiana, Ohio, and Illinois**. Along the way, God answered prayer by bringing **a new supporter** on board — such an encouragement as we keep moving toward full support.

But the biggest highlight came after one of the services I preached. **A young man trusted Christ as his Savior!** That never gets old. Would you pray with me that he grows deep in his walk with the Lord and gets plugged into discipleship?

Another special moment was preaching at a **teen guys' camping trip** for a supporting church. Spending time around the fire with those young men and pointing them to Christ was a reminder of why we do what we do. Seeds were planted, and I'm excited to see how God will use that time in their lives.

On the family side — our little guy **Wesley came down with Hand, Foot, and Mouth Disease**. Not fun. But by God's grace, he bounced back quickly, and we're so thankful for His healing.

Through it all, I just keep being reminded that God is faithful. He's writing the story, and we're grateful to be part of it with you. Thank you for praying, giving, and encouraging us along the way — we couldn't do this without you.

Prayer Requests:

- Safe travels as we continue on the road.
- For the young man who was saved — that his faith would grow strong.
- For additional monthly support to come in quickly.
- For our moving fund to be fully supplied.

We appreciate you more than words can say. Thanks for walking this journey with us!

Unto the Furtherance of the Gospel,
Missionary Trent Granger
