Greetings to Each of You,

Return America remains very busy as we continue to work on the relief effort of our friends in Western North Carolina. In particular, we are trying to help a widowed lady in her 60s who basically lost her home in the flood. A carpenter from my church, along with a lot of volunteers, have worked feverishly to renovate her home. They got all the necessary permits, and all the inspections passed. The house could be completed within three weeks. This week, they arrived on the scene to find a stop work order posted on the door. FEMA came on the scene and demanded that the house be jacked up fourteen feet. It would cost a fortune at this point to meet their expectations. It is basically impossible to meet their demands. In the meantime, houses all up and down the river have been remodeled that sit closer to the river than this house without any such restrictions placed upon them. I have met with the planning director of Ashe County who refuses to honor their previous commitment and passed inspections on behalf of this dear lady.

We are now pursuing the necessary action to hopefully correct this miscarriage of wrongful intent upon this dear lady. Please join us in prayer as Return America works to get this dear lady back in her home quickly.

Our lobbyist in Raleigh, Rev. Mark Creech, had a terrible fall a few days ago and severely broke his right shoulder. He has had a complete shoulder replacement. Please join us in praying for a quick recovery for Mark.

We thank you for your financial support! You are such a vital part in helping us help so many in need. Our phone calls are numerous, and we are delighted that our Lord enables us to be a ministry of help to so many.

God bless you. We appreciate you so very much!

Sincerely,

Dr. Ron Baity
