

West Coast Baptist College

Training Laborers for His Harvest

August 11, 2025

Dear Brother Broyhill,

Greetings from West Coast Baptist College! I trust this letter finds you enjoying a wonderful summer season as we look forward to the fall months of ministry.

Our ministry teams have had a wonderful summer representing WCBC in churches around the country, and we praise the Lord for reports of souls saved, churches encouraged, and new students joining us for the fall semester as a result of their travels.

We are greatly looking forward to opening our doors for the fall semester in just a few weeks on Saturday, August 23. We are excited to welcome a wonderful group of new students, and to have returning students back on campus again. Over the past few weeks, campus and dorm improvements have been completed, our staff and faculty have finished preparations for classes and chapels, and our church family has been praying for the students.

I am greatly looking forward to our 39th Anniversary and Spiritual Leadership Conference next month, September 21-24. If you have not already made plans to attend, I hope you will consider joining us for this time of challenging preaching, practical sessions, and encouraging fellowship with other pastors and ministry workers. To register or for more information, please visit slconference.com.

Our *West Coast Up Close* College Days is coming up November 12-14, and we would love to host a group from your church! If there are any high school Juniors or Seniors in your youth group, I hope you'll encourage them to experience the heart and mission of WCBC as they seek the Lord's will for their future. More information and registration can be found at collegedays.wcbc.edu.

As I thank God for all He has already done in 2025 here at West Coast, I wanted to *thank you* for having a part through your prayerful and financial support. It's a joy to serve the Lord with you in these needy times as we press forward for the cause of Christ into the fall season. Please feel free to contact me or anyone here on staff if we can ever be of help or blessing to you.

Have a great day!

Your friend,

Dr. Paul Chappell
President
