

## **Wild-Wild-Westies policy on deposits to secure your Westie puppy:**

Wild-Wild-Westies has strived since 2006 to continually improve our Westie breed. In the pursuit of stark white healthy coats, dark allergy resistant skin, short noses and small ears... all the traits that the perfect Westie entails, we brought in several superb champion bloodlines from Europe with great results and have been blessed with exquisite babies that are amazing! To help people secure their positioning in line for a puppy, we now are taking deposits on future litters. Methods of placing a deposit are below.

We have built state-of-the-art kennels that are viewable on our website. It's not large (we still want to have very hands on personal relationships with *our* family of Westies) but we *know* that we will have future puppies, and are trying to make the process more fair to those who want puppies from us. Our price is \$2000 and the deposit to hold/secure a baby is \$300 non-refundable but included in the balance.

With each litter, we will go down the list of deposits in order of deposit arrival. When your number and the gender that you specified arrive, you will be notified and the baby picture process will begin ☺ (Note: if either gender is fine with you, please be sure and mark this on the accompanying deposit form.) I begin sending pictures and videos on the weekend of the 4<sup>th</sup> week of age when their action and personalities emerge, along with personality descriptions.

We have developed many friendships while raising these cuddly little white bears, and we look forward to making many more. Please contact me with any questions that you may have and thank you for your confidence that you place with us in raising your next baby.
