

Dear Pastor,

Ministry is a gift — but it can also be heavy. The weight of leadership, the constant decisions, the unseen burdens... they add up.

That's why we want to personally invite you to **THRIVE: Growing a Healthy Church**, October 3–6, 2026, at Oro Valley Church of the Nazarene in Tucson, Arizona.

Thrive isn't just about church growth strategies. It's about health — your church's health and your own. We believe healthy churches grow, but growth alone isn't the goal. Spiritual vitality, strong culture, developing leaders, evangelistic passion, and sustainable rhythms matter deeply.

More than anything, we want these days to be refreshing for your soul. You'll experience meaningful conversations, practical teaching you can actually implement, worship without responsibility, and space to breathe. Our team will open up our systems, culture, and lessons learned — honestly and transparently — so you can take home what serves your context.

The conference is **free**. **We cover meals and provide host homes** because we want you to feel cared for. You simply arrange your travel and local transportation.

We're limiting attendance to **100 pastors** to keep it relational and personal, and *we're giving priority to those who haven't attended before*.

If this sounds like something your heart needs, we would be honored to serve you.

 [REGISTER HERE](#)

We're praying already for the pastors God will bring. We hope one of them is you.

With gratitude,

The OVCN Thrive Team
