

EATON SALES & SERVICE

ALL IN ONE FUELING SOLUTIONS

Simplify fueling operations with Eaton's turnkey systems—tanks, pumps, and fuel management all delivered as one complete package.

The Eaton Advantage

- UL-Listed Above Ground and Underground tanks.
- Integrated fuel pumps, dispensers, and meters.
- Fuel management systems for access control and reporting.
- Filters, reels, lighting, and canopies included.
- All you need after delivery is an electrician to connect power.

Turnkey Benefits

- Lower cost and faster installation.
- Single-source warranty and ongoing support.
- NFPA, IFC, and EPA compliant systems.
- Flexible capacities from 500 to 20,000 gallons.

Ideal For ~

- Fleets and logistics hubs.
- Municipalities and utilities.
- Farms, construction, and industrial fueling.
- Resellers offering complete packaged solutions.
