

Steel Storage Tanks – Reseller Program

Partner with Eaton Metal Products and unlock the opportunity to deliver industry-leading storage tank solutions backed by over 100 years of experience.

Why Partner with Eaton?

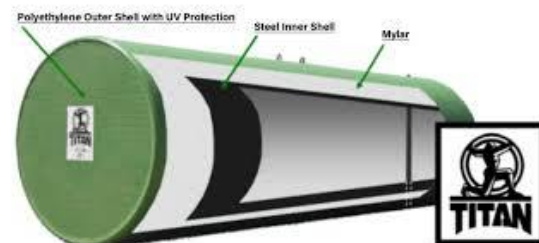

- Trusted since 1919 – unmatched reputation for quality and reliability.
- Comprehensive range of UL-Listed Above Ground and Underground tanks.
- Flexible capacities from 500 to 20,000 gallons.
- Respected brands including Fireguard®, Titan®, STI-P3®, and UL142.
- Dedicated support for sales, installation, and service.

Above Ground Options

- Fireguard® UL2085 – Double wall, fire-protected, NFPA & IFC compliant.
- Flameshield® UL2080 – Fire-resistant.
- UL142 – Horizontal & vertical versatile single/double wall.
- Farm tanks, stands, and specialty tanks.

Underground Options

- Titan® UL58 – Steel primary, polyethylene secondary for high impact resistance.
- STI-P3® – Single & double wall with three layers of corrosion protection.

Reseller Benefits

- Exclusive access to a proven product line.
- High-margin potential with strong customer demand.
- Marketing, training, and sales support provided.
