## Zesty White Fish Tacos

Prep: 15 minutes | Cook: 10 minutes | Total: 25 minutes

Yield: 4 servings | Serving Size: 2 tacos

### Ingredients

- 1 packet salt-free taco seasoning mix
- 3 tablespoons lime juice, divided
- 1 tablespoon oil
- 1 pound white fish fillets (e.g. cod, pollock, tilapia)
- ½ cup plain Greek yogurt
- ½ cup olive oil mayonnaise
- ¼ cup chopped fresh cilantro
- 4 cups shredded cabbage (about ½-1 head; can substitute coleslaw mix)
- 8 small flour or corn tortillas

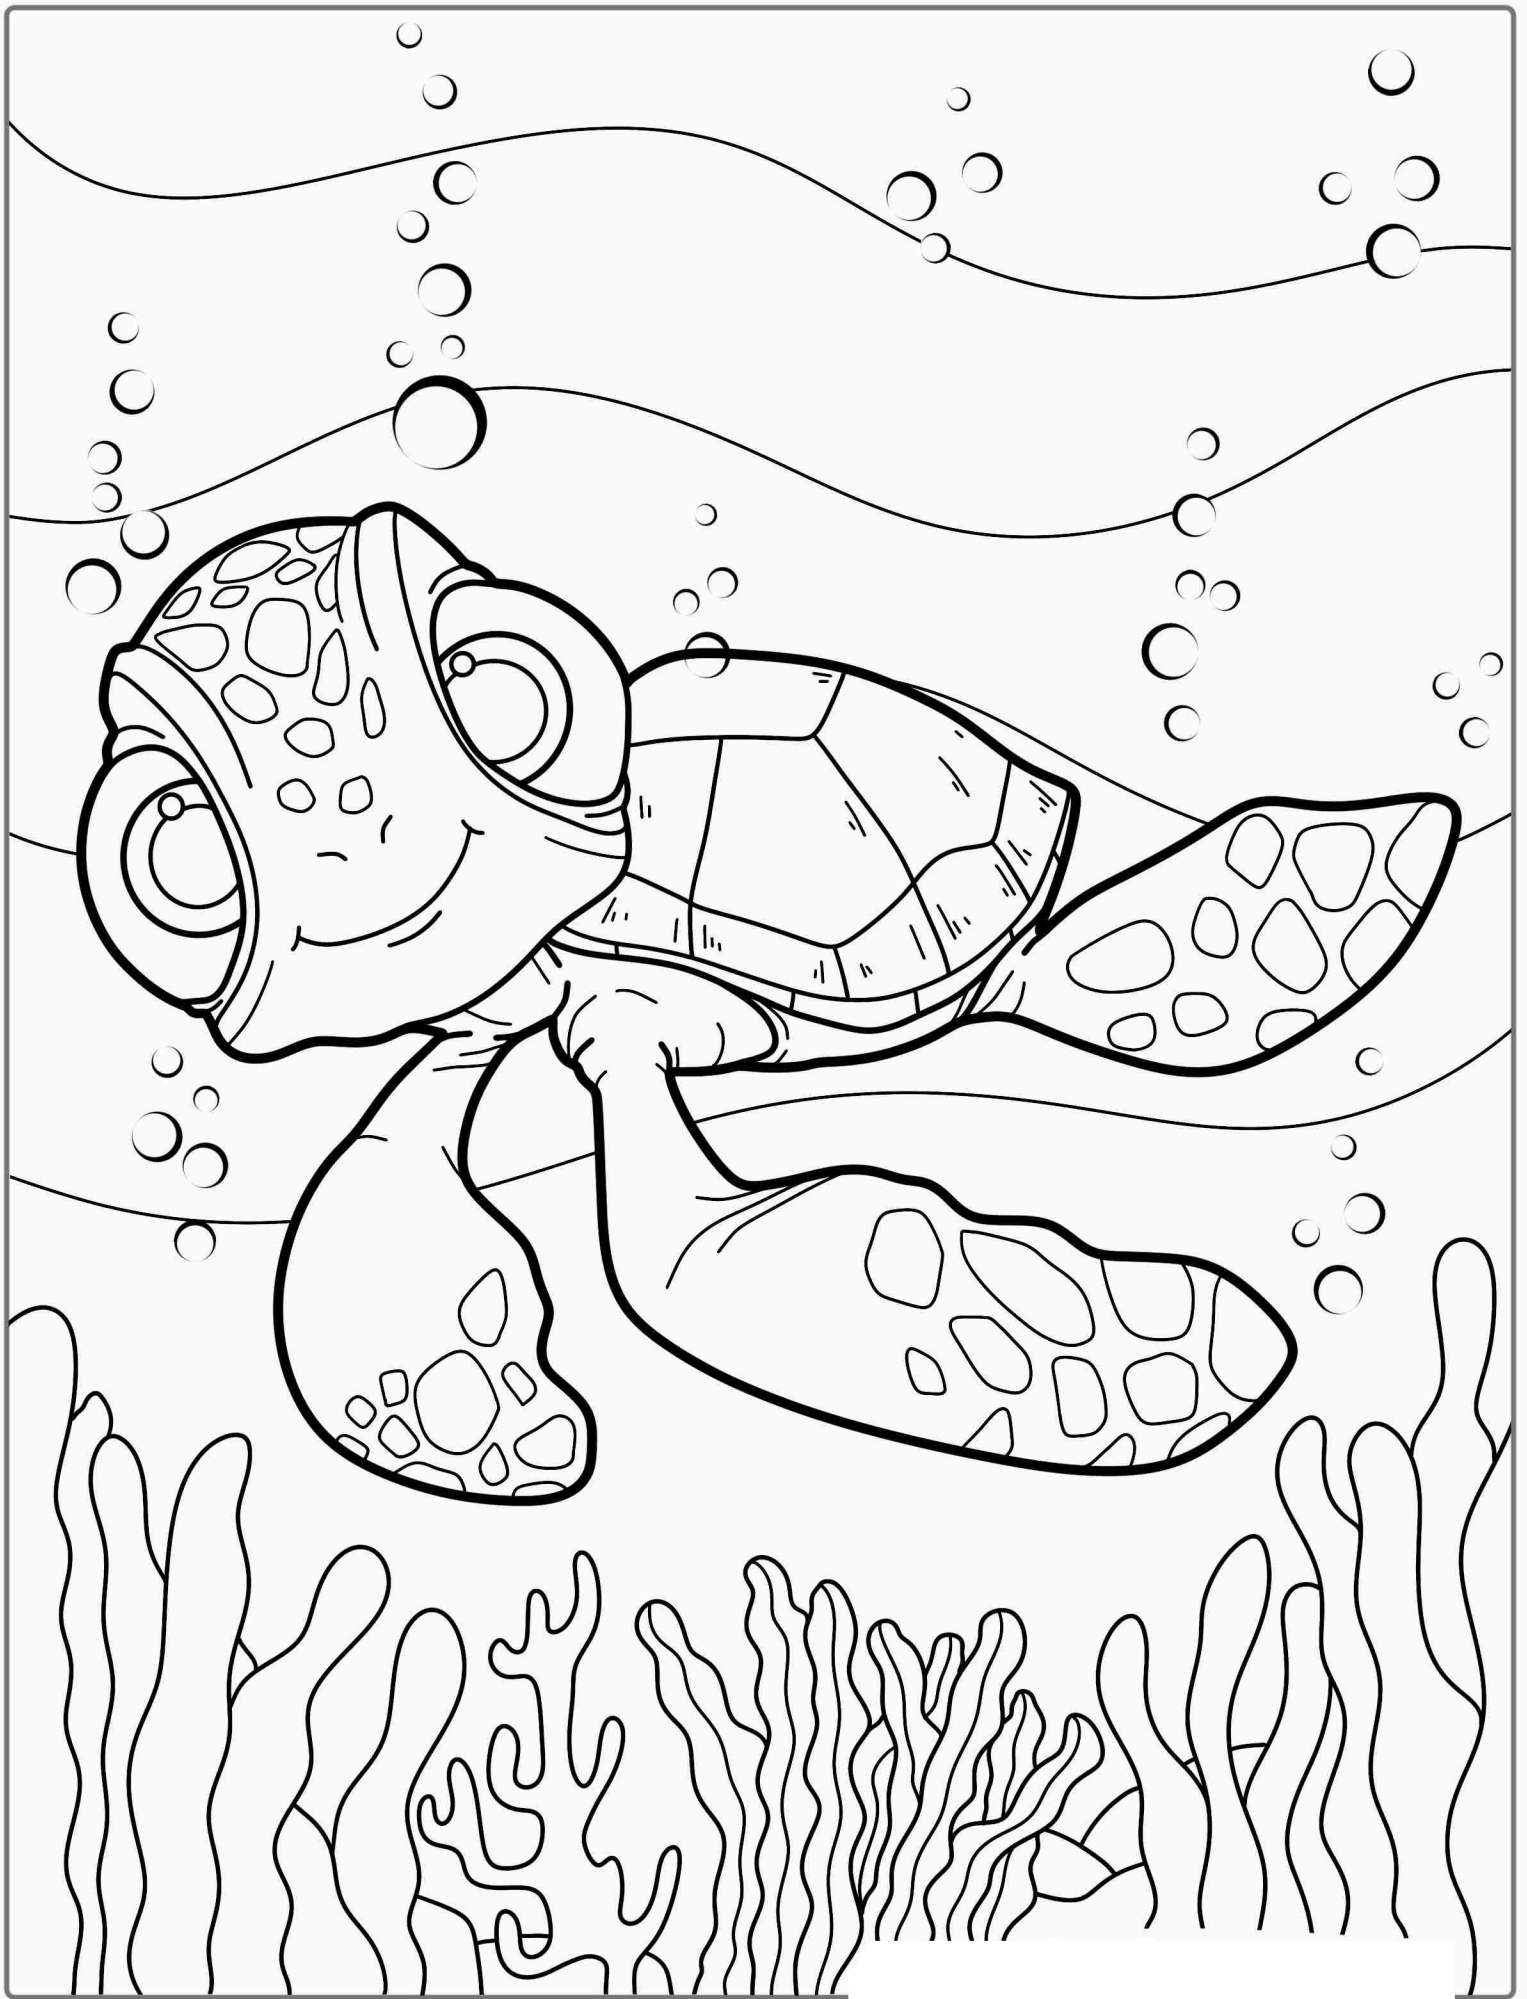

### Directions

1. Combine 1 tablespoon of the taco seasoning, 1 tablespoon of the lime juice, and the oil.
2. Coat the fish fillets with the oil mixture.
3. Combine the remaining taco seasoning, the remaining 2 tablespoons lime juice, the yogurt, mayonnaise, and cilantro.
4. Toss half of the yogurt sauce with the shredded cabbage.
5. Heat a nonstick skillet over medium-high heat.
6. Add the fish and cook until it flakes easily with a fork, about 5-7 minutes, turning when about halfway cooked.
7. Let the fish rest for 1-2 minutes, then break it into pieces.
8. Meanwhile, wrap the tortillas in a damp paper towel and microwave until warm, about 30 seconds.
9. Divide the cooked fish and dressed cabbage over the warmed tortillas.
10. Serve warm, drizzling with remaining yogurt sauce to taste.

### Recipe Notes

- To save time, purchase pre-shredded cabbage or substitute 4 cups coleslaw mix for the shredded cabbage.

## HARD

**Sudoku can be hard at first! Learn some tips and tricks to get you started and to help you out!**

### Tips & Tricks

#### **1. Look for easy solutions**

Many puzzles will leave one or two blanks either in a line or in a box. A line might be missing a 5 and a 6, but a box along that line will already have a 6 in it, so you know this blank must be a 5, and the other blank must be the 6. The same may be the case for one or two missing numbers in the smaller boxes. Filling these blanks will get you on your way to a solution.

#### **2. Seek the missing numbers**

As you fill in the easy solutions, you may start to find other missing numbers that are easy to place. In the above example, the box now has a 5, and that may help you solve that 3×3 area, or might help you solve the lines that cross that area.

# Fill-it-in Puzzle #1

A Fill-it-in is a word based game somewhat similar to a crossword puzzle. There are no clues, all the valid entries are presented in the list of words, which are sorted first by word size and then alphabetically. The goal is to fill in these known words into the crossword puzzle grid. The puzzle generally has a starting word in order to get you going.

TRAUMATIC INCIDENT RESPONSE PROTOCOL

### About Us

The Traumatic Incident Response Protocol (TIRP) provides timely and coordinated support to York Region communities impacted by violent and traumatic events.

Our focus is on responding to traumatic incidents across 4 areas: Northern Georgina, Central Newmarket, South-Central Richmond Hill/Vaughan, and South-Central Markham.

### Our Mission

TIRP aims to bring communities together after a traumatic event to restore safety, provide support, and foster a stronger, more resilient environment for all.

As part of York Region's **Community Safety and Well-Being Plan**, TIRP works to reduce distress, promote healing, and enhance community safety.

### Why TIRP?

TIRP strengthens and complements the work that is being done by community organizations. Severe and unexpected traumatic incidents can overwhelm local organizations and often fall outside their scope of work. TIRP aims to bridge this gap by mobilizing a coordinated community response, ensuring that no one has to face these challenges alone.

This approach not only addresses the immediate aftermath but also supports the **Community Action Tables (CAT)** and their ongoing efforts to promote long-term wellness, mental health, and safety across York Region.
