

Welcome Back to HRCA!

The HRCA missed you! After nearly 9 years tied up in litigation, we're so glad to reconnect with our community—and we're excited for a fresh start together.

The HRCA is our only community organization in Hawaiian Ranchos and is the voice of our community – your voice. Our mission statement is quite simple: To develop a community for safe, healthful and harmonious living.

From our HRCA attorney: The latest legal update is that an agreement regarding an election was attempted. The Circuit Court supported a new election to be conducted by a neutral third party. A special master acceptable by all parties is no longer available. Opposing counsel was unable to obtain client approval to sign the agreement to hold the election.

An election must be run. The HRCA has secured the services of the League of Women Voters to receive and count ballots and issue a report.

This year we've waived all fees to keep the election simple and open to everyone. Join in! Just fill out the enclosed nomination form and send it back. Be part of the fun and help shape our community together!

ELECTION timeline is:

August 23, 2025:	Nomination forms are mailed along with email permissions
September 23, 2025:	Nomination forms are due (postmarked or emailed).
October 15, 2025:	Ballots mailed to the membership.
November 10, 2025:	Ballots must be received by this date.
November 14, 2025:	League of Women Voters counts ballots.
November 15, 2025:	Membership meeting to announce the election results and congratulate the new board members.

HELP US GO GREEN!

Please help us go green! Mailing costs are rising and every dollar is important. An email consent form is included on the nominations form. Fold it and return it. It's easy!

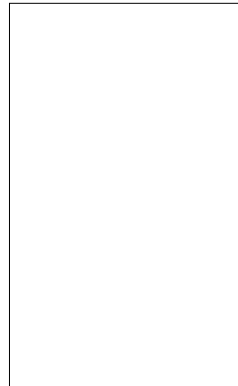

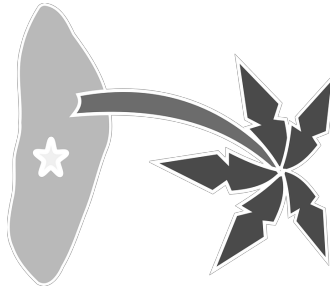

WE ARE NOT AN HOA! Just a volunteer nonprofit community organization. No CC&Rs. Just Neighbors – like you!

ABOUT US:
HAWAIIAN RANCHOS COMMUNITY
ASSOCIATION
(HRCA)

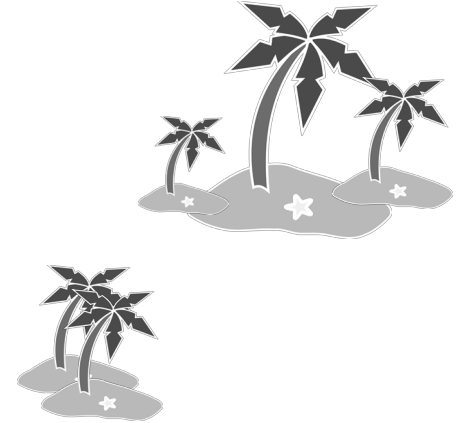

We're not a Homeowners Association (HOA) — we're something different. The HRCA is a non-governmental, domestic non-profit, volunteer-run community organization.

Since our founding in 1983, our mission has been simple: **bring our community together**. We provide a neutral and welcoming space where neighbors can share ideas, address concerns with respect, and work side-by-side to find solutions.

Over the years, HRCA has become a trusted source of information for our community — especially for property owners who live off-island and want to stay connected to what's happening here.
