

In-Bay & Tunnel Delivery Systems

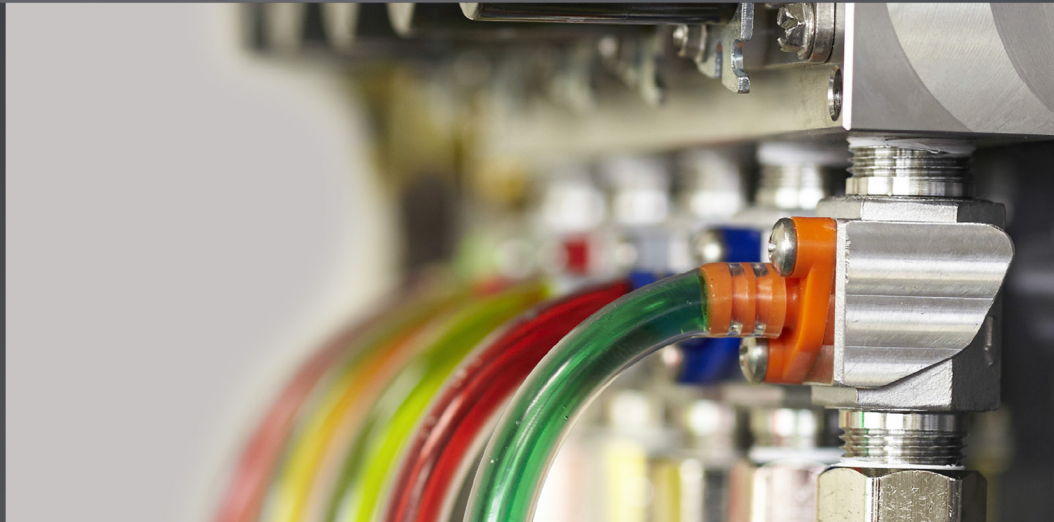

HYDRIC-Mix

Chemical Management System

Features:

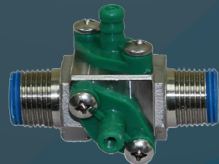

- 5 Independent Foaming Applications
- 1.1-11 GPM Injector Options
- System Enable/Disable Feature
- Control Panel 24V with Isolated Relays
- Tri-Foam Manifold
- Lighted Din Connectors
- Pre-Wired / Pre-Plumbed
- Stainless Steel Modular Wall Mount Panel

SINGLE BARB

DUAL BARB

- Efficient
- Versatile
- Durable
- Field Servicable
- Reduces Cost of Ownership

*Single Barb, Dual Barb & Brass Injectors sold separately

Standard Injectors 3/8" x 3/8" NPT Connections		
Color	Flow Orifice	Flow Rate @ 200 PSI
Red	0.057	1.1 GPM
Orange	0.070	1.7 GPM
Grey	0.083	2.4 GPM
Blue	0.086	2.6 GPM
Light Green	0.098	3.4 GPM
Dark Green	0.125	5.3 GPM
Brass	adjustable	1.4-11 GPM

WATER-RITE

Water Management System

Features:

- Adjustable Chemical Injectors
- Up to 8 Independent Applications
- 2.9-11 GPM Flow Rates
- Optional 24V/120V Control
- Pressure Gauge 0-200 PSI
- Inlet Filter
- Lighted Din Connectors
- Pre-Wired / Pre-Plumbed
- Stainless Steel Wall Mount Panel
