

STUDIO V

uniform list

We believe that good grooming helps build good habits that set up the body & mind for learning. Wearing a uniform not only instills a sense of discipline & responsibility in our dancers, but allows our teachers to provide feedback & correction relating to the technique, alignment & shape of the movements they are learning. Please review our uniform requirements and speak with your teacher if you have any queries.

Please note: some uniform requirements have changed since 2025

Your 2025 uniform pieces are still acceptable in 2026, but when it's time to replace your uniform pieces, please purchase the new designs, as they will be compulsory from 2027
