In Memoriam: Celebrating the Life and Legacy of Past International Director A Geoffrey Wade

We are profoundly saddened by the passing of A. Geoffrey Wade, who passed away on March 20, 2026.

Geoffrey was a dedicated and steadfast Lion whose leadership and service left a lasting impact across our communities and beyond. A respected leader within Lionism, he exemplified what it truly means to serve.

Geoffrey played a vital role in Beauty of Sight, where he offered both leadership and vision to its mission. He served as President of both the Eye Bank and Foundation, guiding the organization with strong financial leadership and unwavering commitment.

Under his leadership, Beauty of Sight continued its mission of Creating a World Without Blindness. Through his dedication, countless individuals were given the gift of sight, and his legacy will continue to live on through the lives he helped transform.

Geoffrey's commitment to service touched many, and we are deeply grateful for all he contributed. His passion, leadership, and heart for helping others will not be forgotten.

To honor Geoffrey's exceptional commitment to Beauty of Sight, donations may be made in his memory:

Rest in peace, Geoffrey. Your dedication and legacy will forever inspire our work and the mission of Lions everywhere.

District Governor Message

Lions? Oh, I remember them.....

What will we do when there are no more Lions?

That's a powerful—and honestly uncomfortable—question. But the truth is: if there are no more Lions Clubs International members, it won't be because the world stopped needing Lions. It will be because we stopped being Lions.

Because the needs won't disappear.

Children will still need vision screenings.

Families will still rely on places like Ronald McDonald House Charities.

Communities will still depend on partnerships with groups like Leader Dogs for the Blind and VOSH International.

The question isn't really *"What will we do?"*

It's *"Who will step up?"*

If there are no more Lions, one of two things happens:

Either others will rise to fill the gap...

or the gap will remain—and people will go without the help they need.

But here's the hopeful part:

Lions don't just disappear overnight. They fade when we stop inviting, stop mentoring, stop showing others what it means to serve.

So maybe the better question is:

What are we doing today to make sure there are always Lions tomorrow?

- Are we bringing in new members?
- Are we engaging the ones we have?
- Are we telling our story loudly enough that others want to be part of it?

Because Lionism isn't just an organization—it's a legacy.

And legacies only continue when someone chooses to carry them forward.

If there are no more Lions, it won't be because the world didn't need us.

It will be because we didn't pass the torch.

And that... is something we still have complete control over.

January 26, 2026

Hello,

We at the Florida KidSight Foundation are proud of our work providing free vision screenings to children from birth through age 6 years since 2010.

However, our mission to save the vision of as many children as possible is at risk due to a lack of funding. Our program is almost entirely volunteer-run. We need your help to continue our work. The bare basics of what our organization needs to provide can be executed for approximately \$10k yearly. More funding than that enables financial assistance for parents in need to meet their child's eye care needs. Our remaining funding will only provide about 4 months of service, after which the program will most likely be closed down.

What do you do? Florida KidSight is a vision-screening program where Lions Club volunteers throughout the state organize and conduct vision screening sessions in local communities. The results are sent to the Program Director for processing and mailing a referral to any children who require follow-up with a medical professional. We are available to help parents find specialists in their area who specialize in serving children. We also help parents with financial needs find funding or provide funding if we have the means. This voluntary program is open to children one through six years old. You can learn more about us through our website at <https://www.floridakidsight.com/sponsor-us/>.

Why do we do this? The first few years of a child's life are critical in the development of good vision. Preschoolers should have their vision checked for issues such as misaligned eyes and problems that are correctable with eyeglasses. These problems are not always evident by simply looking at a child. Young children often compensate for vision problems so well that parents, teachers, and pediatricians are unaware of a problem. By the time a child is old enough to be in primary grades, many of these common vision-robbing conditions can no longer be effectively treated. Amblyopia can develop when an undetected vision problem goes untreated during a child's formative years. If not treated, it can lead to poor academic performance (80% of a child's learning comes through his/her visual system), low self-esteem, limited social and sports involvement, and behavioral problems (7 out of 10 juvenile delinquents have an undiagnosed vision problem). One in twenty children is estimated to have some degree of amblyopia. Fortunately, visual improvement is possible if problems that cause amblyopia are detected and treated early, typically prior to age six. Doctors treat amblyopia with glasses, patching, exercises, or surgery. Sadly, many children with amblyopia are not identified because of a lack of good

screening programs. The KidSight program is a proven method of screening and referring children for problems that cause amblyopia.

Past fundraising campaigns and donations from various supporters have enabled us to provide this service for over 15 years, but those avenues have not been as fruitful over the past 5 years. Facing our current situation, for the sake of saving the vision of children, we have decided it's time to broaden our fundraising reach. As a nonprofit organization, we completely rely on community support. None of our efforts would be possible without the help of donors, volunteers, and supportive community members like you.

We will be offering recognition (including a company logo) on our website through a tiered system of sponsorship levels. All donations are valued and necessary for the work we do in our communities. You can find the tiered sponsor information below.

Would you please consider sponsoring us so we can continue our mission of providing much-needed vision screening for young children?

If you'd like to make a gift, please visit our donation page here:

<https://www.floridakidsight.com/donate>, or you can mail a check to Florida KidSight Foundation at 7120 NW 11th Place, Gainesville, FL 32605. Be sure to email your company information and logo for our sponsor donation page.

Any support is greatly appreciated. We're just excited to continue our work! Thank you for being a part of our community and our story.

Warmly,

Cheryl Russell

Awards and Contests

Lions do not serve others in order to receive rewards. The rewards they seek are less tangible, but no less real. Lions' rewards lie in the satisfaction of demonstrating their commitment to the work of Lionism; serving as an effective team member on club, district and international projects and activities; and focusing on the community in terms of less fortunate individuals and projects and activities for the betterment of the community.

While the purpose of being a member of this wonderful organization is not to receive awards, we do recognize that members who make a significant contribution are deserving of recognition, encouragement, and appreciation.

We encourage every club and every member to become familiar with the available awards and work toward obtaining one or more. Nominations should be submitted to the appropriate Awards Chair by the dates indicated for each award.

See www.district35l.com/award-information for ALL Awards information and applications. See lionsclubs.org for International Awards.
