

2026-2028 COMMUNITY INVESTMENT PROCESS FUNDED PROGRAMS

United Way of the Piedmont serves people across Cherokee, Spartanburg, and Union counties in South Carolina, bringing the community and partners together to create lasting change. Our Community Investment Process is one component of the broader investments and partnerships we pursue in alignment with our Community Impact Agenda.

Through this process, we invest in programs with proven and clear impact that improve financial security, healthy community, and youth opportunity for all. Every aspect of our funding strategy ensures that the dollars entrusted to us are invested in ways that will result in the greatest measurable impact.
