

Permission Form

Medication

I hereby give permission for staff at St Bernard's to administer the recommended dose of paracetamol or ibuprofen to my child in line with our medication policy/emergency medication policy. This applies to any prescribed medicines that may need to be administered to my child throughout the day, I agree to complete the medication form as required by the staff team. The completed document is essential for the staff team to administer any forms of medicine/creams/teething gels.

Food Play

Food play has been an integral part of Early Years for many years, due to the significant benefits it promotes for learning and development. Learning experiences are provided by the exploration of different textures and sensory activities. Practitioners utilise this resource to enhance play opportunities and stimulate imagination and development. We utilise many variants including pasta (rice will only be offered to over 2's), vegetables, bread, cereals, fruit, dried pulses, the list is vast. Foods are only used in play zones suitable for all children, taking into account all allergies.

We hereby seek permission for your child to be included in the activities.

I do/do not consent for my child to take part in activities that involve the inclusion of food.

Out of setting Trips

As part of the EYFS framework we like our children to enjoy the local community to extend their learning and experiences. The trips can be pre planned or spontaneous dependent on the child's interest and activity. Spontaneous trips involve walking to local amenities or travelling in the nursery buggy. Trips out of the setting require standard risk assessments and adequate staffing levels. We hereby seek permission for your child to take part in the spontaneous trips.

I do/do not consent for my child to take part in spontaneous trips away from the setting.

Face Painting

Face painting encourages children to stretch their boundaries of their imagination, it encourages creativity, develops their knowledge of colour, a fantastic sensory experience and of course it's an extremely fun activity. We hereby seek permission for your child to be included in this activity.

I do/do not consent for my child to take part in this activity.
