

PE and Sport Premium 2025 - 26

The PE and Sport Premium funding was introduced by the Government in April 2013 to improve the quality and breadth of PE and sport provision in schools. The government is providing additional funding of £150 million per annum again this year to improve provision of physical education (PE) and sport in primary schools. This funding has been provided jointly by the Departments for Education, Health and Culture, Media and Sport. This funding is ring-fenced and therefore can only be spent on provision of PE and sport in schools. Schools must spend the additional funding on improving their provision of PE and sport, but schools have been given the freedom to choose how they do this.

- Engaging all pupils in regular physical activity- the Chief Medical Officer guidelines recommend that all children should engage in at least 60 minutes of physical activity a day, 30 minutes of which should be in school.
- Raising the profile of PE and sport across the school as a tool for whole-school improvement.
- Increasing the confidence, knowledge and skills of all staff teaching PE and Sport.
- Providing a broader experience of a range of sports and activities offered to all children.
- Increase participation in competitive sport

Coaching and Professional Development for staff	Impact/Rationale for spend and desired outcomes	Predicted Cost	Monitoring	Impact
Employing a PE specialist to team teach alongside teachers to raise standards within PE and Sport.	To raise the quality of teaching in PE and Sport. Develop knowledge, skills and confidence to teach the whole child through sport. To increase pupil participation and range of inclusive activities.	£4000	Teacher evaluation & lesson observations.
