## TERM 2 CALENDAR

Week 6 Assembly - 25/5 8:45am  
Henbury Crewz n Brew's - 25/5  
After Assembly 9:30am  
Free Dress Up Day - 25/5  
Kings Birthday Public Holiday -  
**Monday 12/6**  
Week 9 Newsletter - 14/6  
Upper Primary Performance - 15/6  
Week 10 Assembly - 22/6  
School Holidays - 26/6 until 17/7  
School Returns - 18/7

## Dear Families,

We have had a busy few weeks getting back into the routine of school after holidays and a number of public holidays.

This week we had the Principal and Assistant Principal from Croxton Special School – Melbourne Victoria, visit us to look at our school and talk about the programs that we offer students. Their school is Prep (Transition) to year 12 with multiple campuses.

They are keen to establish a partnership and for some of our classes to meet their classes via online learning.

The Department of Education is developing an online induction program for new and existing school council members. The online program includes a series of short videos and written web content, so that parents with children in Government schools have the information they need at their fingertips. This week we had a film crew here and they filmed our school meeting process and interviewed one of our school council members. All families in the NT have the opportunity to provide feedback on the induction program before it is published- see further information on SchoolStream, if you would like to register use the following link by 25 May. Parent Feedback Sessions ([office.com](http://office.com))

## Morning Tea and Lunch Program changes (Page 12):

It is the responsibility of families to provide a healthy morning tea and lunch for their child at school each day.

The purpose of the Morning Tea and Lunch program is for students to develop their skills in meal preparation and encourage participation in shopping (online or in store), working with money and preparation of food in class.

As of Term 3 Morning Tea and Lunch program will be offered to:

- Satellite classes at the discretion of the classroom team
- Year 5 and 6 students on campus at Nemarluk at the discretion of the classroom team

Classroom teams will advise families of their students by the end of this term.

Next week we have assembly I look forward to seeing you there, we will also have our Dressup day- free dress whatever students would like to wear.

In addition to this hopefully we will have the Henbury Coffee Van for after assembly in the bus area.

## BIRTHDAYS - JUNE

Alexander  
Athallah  
Charlie  
Edmund  
Manoli  
Mila  
Nelson  
Nithin

Owen  
Selenia  
Siddhartha  
Thomas

*Nemarluk School is wishing  
you a very Happy Birthday.  
Have a great day!*

### ROOM 7

In Term 2 so far Room 7 has been learning about Place Value and making numbers using tens and ones counters. In Literacy we have been learning about sight words and matching these words to the words in some of the books we have been reading. We have also been learning about how to put words into sentences and working really hard on structuring and writing sentences, as well as learning about how different materials can be combined for different purposes in Science, with the students really enjoying investigating the effects of mixing different materials together!

### ROOM 1 GARDENING

### NIGHTCLIFF

Nightcliff class has been taking a deep dive onto the book, "Oh Dear, What can the matter be". As part of this study, the children have been learning melody, tempo and patterns through singing and using their observation skills to find all the hiding animals. They have been exposed to new vocabulary, particularly verbs and practice counting backwards and forwards to ten. They are retelling the story by sequencing pictures and they have been acting out and grouping themselves in the required number of children to retell the story with actions sharing their understanding of these verbs. Once we have a few volunteers, I let them know how many more are needed to reach the required number of animals to expose them to counting in a context. If the book says five roosters, then we must have five roosters, no more and no less even if it means some children need to wait for the next animal to get a much anticipated turn.

### NIGHTCLIFF

As part of our science unit, a new item is hidden in the feely bag each day and the children have a chance to describe the object with varying degrees of support to guess what it might be. The adjectives we have been using describe size, shape, texture and rigidity. Once everyone has had a feel of the object we take it out talk about colour and transparency and shine. The children then put the item in the correct category for display. Next week we will begin reading the three little pigs to bring the children's attention to the comparing natural and manmade materials.

We continue our work guided by the Berry Street Model to help children express and understand emotions and awareness of others. Each day we read a "When I'm feeling ....." book and the children are learning to expand their sentences around asking teachers how they feel, noticing who is here and who away and telling the class using sentences.

## MEANINGFUL MATHS

Nemarluk students with Miss Melissa and Mr James, attended the Maths Enrichment Day at Dripstone Middle School, the group were very excited to be going. They participated in several activities ranging from problem solving, estimation games, lego challenges and building a never ending pyramid. Several students rated the day a 10/10 and look forward to going again next year.

# TREE PROGRESS

We have finally filled where our beautiful tree once was :(

We have had a temporary fence up for the last 4 weeks and today we finally got to take it down. The kids are enjoying the new platform area, and even brainstorming ideas of what we can put or do with the area.

### S U S T A I N A B I L I T Y

Early Childhood students demonstrating solid learning outcomes about Planet Earth, engage in understanding what activities help or hurt the planet and are starting to learn about our brightest star, the sun.

## 2023 SCHOOL TERM DATES

| Term     | Start                | Finish                  |
|----------|----------------------|-------------------------|
| Term 2   | Tuesday 18 April     | Friday 23 June          |
| Holidays | Saturday 24 Jun      | Monday 17 July          |
| Term 3   | Tuesday 18 July      | Friday 22 September     |
| Holidays | Saturday 23 Septemer | Sunday 8 October        |
| Term 4   | Tuesday 10 October   | Thursday 14 December    |
| Holidays | Friday 15 December   | Tuesday 30 January 2023 |

## KELLIE THE SMART PUP

smartpups

Meet Kellie

Do not forget that  
Kellie will be  
coming very  
soon.

She is another  
new addition at  
Nemarluk we can  
all look forward  
too this year.

## LUNCH PROGRAM

It is the responsibility of families to provide a healthy morning tea and lunch for their child at school each day. The purpose of the Morning Tea and Lunch program is for students to develop their skills in meal preparation and encourage participation in shopping (online or in store), working with money and preparation of food in class. As of Term 3 Morning Tea and Lunch program will be offered to: Satellite classes at the discretion of the classroom team, Year 5 and 6 students on campus at Nemarluk at the discretion of the classroom team. Classroom teams will advise families of their students by the end of this term.

## DRESS UP DAY

We are having a Dress Up day next Thursday, 25/5. Students can wear whatever they would like to school :)

## Helping your family stay safe online

**Children can learn, explore, play and make friends online. But there can be risks.**

Your child might accidentally see upsetting content, be contacted by strangers or experience bullying. They might also miss out on important things like spending time outside.

Here are some easy things you can do to help keep children safe online.

### Talk about online safety as a family

Let your child know they can always come to you if something happens online that makes them feel scared or upset.

You can ask your child to show you the games and apps they use. Use eSafety's [conversation starters](#) to help you get started.

### Set up family rules together

As a family, you can choose some easy rules to help keep everyone safe online. You can include things like where devices can be used, what games and apps your children can use, and how much time can be spent online. Most devices and apps have features to set limits on how they are used. Watch [this video](#) to learn more about parental controls and settings.

### Know where to get help

If you need help with an online issue and you are not sure what to do, talk about it with someone you trust, like a friend or a teacher at your child's school. You can also speak to someone at [Parentline](#) for help with parenting challenges. The eSafety Commissioner (eSafety) helps to keep all Australian families safe online. The [eSafety website](#) has more information about [reporting online abuse](#) and staying safe online.

For more information about how to keep your family safe online, search for [eSafety Parents](#) on our website.

## Carrot Energy Balls

### Ingredients

10 Dates (soaked in hot water and drained)  
 150g Oats  
 1 large carrot  
 50g sunflower seeds  
 50g sultanas  
 Juice from 1/2 Orange  
 1/2 tsp cinnamon

50g Desiccated Coconut for rolling

### Method

Add all ingredients into a food processor and blend until all ingredients are mixed together.

Scoop out mixture and roll into bite size balls, Roll into desiccated coconut

Pop into a container

This bliss ball recipe is one of the hands on experiments we do with children as part of our Early Learning Centre Program.

It's a fun experiment for the children who have in day 1 of the program explored tasting with their tongue by having the green smoothie. This bliss ball making experiment happens on day 2 of the program and is loads of fun.

These Carrot Energy Bliss Balls make a great lunchbox snack too. Swap out muesli bars, biscuits, lollies and chocolates for these and you'll be taking better care of your child's one body for life and our one planet earth.

# Variety Trivia Night

**Thursday 1 June 2023**  
**6pm for 6:30 start**  
**Darwin Trailer Boat Club**

Tickets \$20pp  
Tables 10 max

# NT Schools Nutrition News

A NEWSLETTER FOR TEACHERS AND CANTEEN MANAGERS, PUBLISHED TWICE A TERM.

Do you know  
about the NT  
school  
canteens  
policy?

The department of  
education has a  
webpage that includes  
the NT school canteens  
policy, guideline and  
lots of useful  
documents

like "ideas for  
fundraising" and  
"creating a healthier  
menu". You can find  
these and more [here](#)

**Get a Menu Health  
Check from QAST  
today!**

A menu check can help  
you identify the  
strengths of your  
current canteen menu  
and provide ideas on  
how to make it  
healthier.

The Menu Health  
Check uses the NT  
School and Nutrition  
Healthy Eating Policy to  
rate your menu on  
availability of healthy  
choices.

How much does it  
cost?  
School canteens in the  
Northern Territory can  
access the Menu  
Health Check Service  
for \$100
