## 2026

*Remembering Those Who Made Life Special*

Few things help in the healing process more than a meaningful ceremony that commemorates all that made a loved one special. A ceremony enables family and friends to come together, to remember, to celebrate, and to pay tribute to someone who was significant part of their lives. While each of us grieves differently, a structured ceremony is known to help all who participate.

# MAKING THINGS SIMPLE FOR YOU IS WHAT WE DO BEST!

Cremation has become the preferred option for many families today because it is affordable and more environmentally-friendly than traditional burial.

Whatever your reasons, this Cremation Choices guide will help you design the cremation arrangements that are both appropriate and meaningful for you and your family.

## **Questions to Ask When Considering Cremation**

When considering cremation, it is important that you are well informed regarding the cremation process so that your wishes and concerns are adequately represented. Not all funeral homes or cremation providers operate the same way. Make sure you get clear answers to your questions once you are ready to discuss cremation choices.

### **Who owns the crematory?**

We own and operate our own crematory which we make available only to our own clients.

### **Where will cremation occur?**

Cremation occurs at our Coeur d'Alene, ID, location.

### **Where will my loved one be taken to once they are taken into the care of the funeral home?**

Because we own and operate our own crematory, after any services or visitation, your family member will be transported to our Coeur d'Alene facility for the cremation process, never leaving our care. Our licensed funeral directors are available 24 hours/day to ensure that transport will be immediate regardless of the day or time that a death has occurred.

### **Can I visit and tour the cremation facility before making the final arrangements?**

We offer inspection of our facility for anyone interested in visiting. Call the us directly at 208-664-3143 to schedule a time at your convenience.

### **How do I know that the cremation will be done responsibly?**

All of our cremation specialists are licensed funeral directors and have been trained and are Certified Crematory Operators. We built our own crematory for the explicit purpose of maintaining our high level of service throughout the cremation process. Not having to rely on a third-party or out-of-town crematory allows us to personally guarantee your satisfaction.

# Peace of Mind Cremation

English Funeral Chapels & Crematory is the only local cremation provider to offer a 10-step cremation process backed by our “Cremation with Peace of Mind” pledge. We are also the only local provider that uses a Dual Identification System to ensure that the cremated remains returned to you are those of your loved one.

***If your preference is cremation, there is no other choice than English***

## Steps Prior to Cremation

1. Our dual ankle identification bands are placed on your loved one at the time we come to your home, hospital or other care facility. The metal ID system is a high quality stainless steel band and label. A unique tracking number is embossed into the stainless steel label, providing a permanent identification marker never to be duplicated on another ID band.
2. Our licensed funeral director and staff coordinates with obtaining proper documentation including:
  - Death certificate signed by the Attending Physician or Coroner with cause of death listed
  - Fully executed and signed Cremation Authorization
  - Final Disposition Cremation Permit issued by the Coroner
3. If you wish, before cremation, you may see your loved one, hold their hand and say goodbye. If your loved one is not embalmed this is strictly limited to no more than three (3) family members for 5 minutes. This must be scheduled during regular business hours.
4. One of our licensed funeral directors reviews all cremation paperwork and permits to insure authorizations and permits have been received. A licensed funeral director must sign the crematory record.

## Steps During and After Cremation

5. Our Crematory Record is dated, start time noted and signed immediately before the cremation takes place.
6. Your loved one is assigned a cremation number. This number is placed on the identification label and accompanies your loved one throughout the entire process.
7. Your loved one is removed from our refrigeration facility, placed in the cremation container that was chosen during the arrangement conference, placed in the retort and cremated.
8. The identification label is placed at the door of cremation chamber during the cremation process.
9. After the cremation is completed, the cremated remains and stainless steel ID band are retrieved from the cremation chamber and taken to the processing station and allowed to cool. The identification label and ID band are placed on the processing machine following cremation process.
10. The identification label which shows the name and other personal identifying information from your loved one is placed onto the urn or on the other container containing the cremated remains. The ID numbered band is attached to the cremated remains.

## Add Services:

### Celebration of Life or Memorial Service

\$975 \_\_\_\_\_

The celebration of life is a commemorative event without the decedent present. Unlike a funeral, the service can be held weeks or months after the death, allowing the family time to plan and then gather at a convenient time.

Our services include coordinating the service, supervision of funeral, staff to attend the ceremony, and set-up and use of facilities and equipment for the service or the additional staff

### Commerative Gathering/Reception

\$475 \_\_\_\_\_

Commerative gatherings offer friends and family the opportunity to meet in a less formal environment. Having a reception gives mourners the chance to support each other, share stories and memories, and to celebrate the life of someone they cared about.

Our services include coordinating and supervision of the reception, and set-up and use of facilities for the reception. Coffee, punch, and cookies for 100 people.

### Witness Cremation—Small Committal Service

\$275 \_\_\_\_\_

It can be important for some people to see their loved one for a final time. A witness cremation option allows you 15 minutes with the body of your loved one at our Aquamation Center as we begin the cremation cycle to send them off with your blessings. Limited to 3 people.

### Assisted Scattering

\$250.00

The logistics of scattering a loved one's cremated remains in a meaningful location can feel overwhelming. We can transfer the ashes to a specially designed scattering urn, obtain permits if needed, transport and scatter at a designated location, and provide photos and geo-coordinates so you'll know exactly where your loved one is resting.

# Urn Selections

Urns range in style from classic and traditional designs to contemporary square, rectangular or cylindrical shapes. Their composition may also range from hardwood, stone or marble to castings of bronze, copper or other precious metals. Urn prices will vary according to their size, materials and workmanship. We have a variety of urns to satisfy most any need or desire, with complete information to aid your selection.

*Sample Urn Assortment*

*Please visit our Online Webstore—<http://englishfuneralchapel.memorialstores.com>*

*Our online Webstore has over 1,500 different urn and jewelry keepsake offerings.*

# Parting Stones

Parting Stones is an alternative to conventional cremated remains to help families feel a meaningful connection with their loved one. Families choosing cremation can now receive stone-like solidified remains that can be touched, held, and shared.

The solidification process for an adult returns the full-amount of cremated remains as 40-60 solids depending on the amount of ash provided. The appearance of each set will vary naturally in shape, color, and texture making each collection of solidified remains uniquely beautiful.

See [www.partingstone.com](http://www.partingstone.com)

for current pricing.

These stones mean so much to me and my children. [REDACTED] died very suddenly & surprisingly. We miss him terribly and these mementos of him give us great comfort. I am grateful for your kind care & thoughtfulness.
