Governor Granholms Executive Order 2009.22 was passed. To see the entire Executive Order (EO) 2009.22 go to the MAFE website at www.michiganfairs.org and click on the MDA update page to either view or download the document. Fairs and premiums information is on page 2 of the EO.

The Dickinson County Fair reserves the right to pro-rate premiums if funding is not received from the State of Michigan or if fair receipts are insufficient to pay expenses.

This does not mean that the Dickinson County Fair has eliminated any or all premiums. It means that premiums will be paid after expenses and may have to be pro-rated according to fair income.

We thank you for your continued support of the Dickinson County Fair.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

The person who gives Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States is in the following cases:

- The U.S. owner of a disregarded entity and not the entity,

The 4-H and youth of Dickinson County would like to welcome you as a prospective buyer for our annual livestock sale. Our youth are dedicated, hardworking and responsible, and each year select, feed and groom a steer, lamb, goat or hog to exhibit at the fair. When they prepare and exhibit their livestock proudly at the Dickinson County Fair, it is one of the most memorable experiences of their lives.

Your participation allows many young people of our community to experience the marketing process and see the results of their efforts. The Youth Livestock Auction is the highlight of their project. Its success is dependent upon the bidders. Young people are taught the responsibility of caring for an animal, but also get experience in the American Enterprise System.

Please consider attending this year's auction. If you have any questions about the sale, contact any of the youth, a Youth Livestock leader, the Fair Office (906) 563-8840.

General Information:

After purchasing an animal, you sign a card stating the packing company you would prefer to have your purchase shipped to, process and freeze the meat and they will call when ready.

Good horsemanship includes the skill of the driver in holding the lines taut while the animals are pulling and keeping the animals even and pulling straight ahead. Horsemanship is indicated by a true team that gives good account of themselves. Their training and handling should be reflected by their willingness to pull and handle when the load gets heavy. A team that refuses to pull when the load gets heavy should be seriously discriminated against. It shall not be counted against a driver in horsemanship when his team is driven to the boat by helpers to be hitched. Proper harnessing, fitting of collars, and shoeing are additional factors to be considered in making awards in horsemanship. Horsemanship awards will be made by the regular judges at the close of contest.

21. TRAINING OF PULLING SITE - No training will be permitted on any pull site at any time. Penalty will be suspension from pulling, without warning, or teamster and team for one year from day of offense.

22. PULL TIME LIMITS - At the full discretion of the judges in charge at a pull, a stop watch may be used. Time limits will be as follows: 3 minutes for the 1st pull, 2 minutes for the 2nd pull, and 3 minutes for the 3rd pull. Time begins from the call of the team to the boat for the 1st pull and the 2nd pull time begins at the completion of the 1st pull. Time begins for the 3rd pull from the call of the team to the boat for the 3rd pull.

23. DRIVERS - Two (2) drivers on the lines and one (1) man seated on the boat will be allowed when hooking a team of horses to the pulling sled. Once the team of horses are securely hooked, the two (2) drivers must release the lines to the seated driver.

24. JUDGES - The presiding judge will be the man in charge of the contest, plus others designated by the superintendent. Judges have full jurisdiction over all questions pertaining to the rules. They shall determine winners and award prizes in accordance with the rules. Failure to comply with the direction of the judge shall result in disqualification of the contestant. *Judges Decision is FINAL*

25. BREAKDOWN - In case of breakdown the team will leave the Track and come in at the end of the round for their turn. They will pick up their proper place in the next round. If the breakdown cannot be repaired, the driver stands on his load and distance to place him.

26. TRACK CONDITION - In case of a bad track, it will be at the judge's discretion to move the track to a different location. The track will only be moved when the load has been crossed by everyone that can cross it.

27. PULLER MOVING or BUMPING BOAT EXCESSIVELY - If the puller moves or bumps the boat excessively, it will be up to the judge to decide if it should be considered a pull.

28. No Drinking Of Alcoholic Beverages While Pulling. While Pulling.

Placing an entry at the Dickinson County Fair is giving the consent by the owner, exhibitor and or absolutely responsible person for fair staff to obtain a specimen of urine, saliva, blood, or other substance from the animal to be used in testing. Tests will be done by a veterinarian and submitted to a certified lab to identify illegal substance and substances that exceed the acceptance levels established by the FDA, USDA, Food Animal Residue Avoidance Databank, and the EPA. A positive will result in disqualification.

OFFICE OF THE GOVERNOR
LANSING

GARLIN GILCHRIST II
LT. GOVERNOR

July 1, 2026

Dear Friends,

It's county fair season, Michigan! Grab your family and friends and head down to one of Michigan's 80+ county fairs happening in communities across our state during the 2026 fair season.

From the grandstand concerts at the Ionia Free Fair, one the nation's largest free-admission fairs, to classic livestock shows and agricultural exhibits at the Hillsdale County Fair, Michigan's county fairs feature learning and fun for the whole family.

There's something special about our communities coming together each year for their county fairs and celebrating what makes Michigan such a great place to live—our vibrant communities, rich agricultural heritage, and hardworking families. Whether you're enjoying local foods, cheering on the next generation of 4-H stars and future leaders of Michigan's agricultural industry, or just soaking in the excitement, I have no doubt that you will have a great time at your local county fair.

As your Governor, I am proud of the hard work and passion that goes into the exhibits and projects showcased at our county fairs. I want to thank all the sponsors, exhibitors, or fairgoers for supporting your community.

Sincerely,

A handwritten signature in blue ink that reads "Gretchen Whitmer".

STATE OF MICHIGAN
DEPARTMENT OF AGRICULTURE
AND RURAL DEVELOPMENT

DR. TIM BORING
DIRECTOR

Dear Friends,

On behalf of Michigan's fair industry, welcome to the 2026 county fair season!

Millions of people attend Michigan's county fairs each year, enjoying the sights, sounds, and activities that have become an annual tradition across the state.

Michigan's county fairs are cornerstones of social and cultural community identity. These annual events bring people together and maintain essential connections to rural traditions at a time when people are increasingly disconnected from agriculture and food production. Our state's more than 80 local, county, and state fairs provide safe, family-friendly entertainment and celebrate our important agricultural heritage.

County fairs also support nearly 50,000 Michigan youth who participate in livestock and community art exhibitions each year. These youth activities are meaningful educational and professional development opportunities and build lifelong connections with agriculture. The support provided by local businesses and families also provides meaningful resources for continuing education.

Since 2019, MDARD has delivered more than \$7.9 million in grants to help county fairs build grandstands, livestock barns, and other infrastructure and to support livestock and commodity exhibitions. For 2026, MDARD launched a new grant program to help county fairs invest in water infrastructure upgrades including water lines, wells, and filtration systems. And MDARD continues to support the safety and success of county fairs by licensing and inspecting food vendors, performing animal health inspections, and delivering educational programming.

Whether you are here as a sponsor, exhibitor, or fairgoer, many family memories await you. I wish you great adventures during the 2026 fair season.

Sincerely,

A handwritten signature in black ink that reads "Tim Boring".
