- a. Each exhibit shall consist of a “pen” of two (2) birds of either sex of any meat breed. (Birds must be the same breed, age, and weight).
- b. Exhibitors may enter a single exhibit (pen) in each of the two Poultry Market Classes. Each exhibitor is limited to two poultry entries.
- c. Pre-entry fee is \$3.00 per Poultry Market Class.
- d. Each bird in an entry will be weighed in during the hours of placement. Each bird in an entry will be banded with a marked leg ban on the day of entry provided by the fair. (Please see D.C.F. premium book for all entry dates and placement times).
- e. Each bird will be health checked and examined for external parasites. Any birds that fail the health test will be sent home.
- f. The Poultry Superintendent, judge and Poultry Auction Superintendents have the right to disqualify a bird or birds that are sick, and that entry will be sent home.
- g. Exhibitors will be required to bring their own feed.
- h. Exhibitors are required to provide feed pans & water containers for their birds and clean their pens daily.**
- i. Each exhibitor will be required to complete a record book for each market entry and compete chicken showmanship, in order to participate in the Small Animal Livestock Sale.

Please sign below to verify you have read and understand the above rules. Also note that any extra rules or rule changes will be provided to the exhibitor at the fair during check-in. **I understand that this is a completed Youth Poultry Market Record Book as required.**

Feed Records

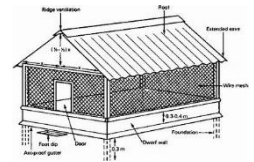

Keeping good feed records is important. Good records show your expenses for feed and what kind of feed you use for your project. A good practice is to enter your feed expenses when you buy the feed. At the end of each month, total each kind of feed used and its cost and record the information below. Home-raised feeds should be valued at market prices (what it can be sold for) Additional pages can be used.

Date of Purchase	Amount of feed purchased (lbs.)	Type of feed	Cost or Value
	Total Pounds:	Total Feed Cost	\$

All Expenses Other Than Feed

(Equipment, Medications, Vet Expenses, etc.)

Enter here a record of all cash expenses for your poultry project. Record the date, the material and quantity as well as the cost. Please enter all non-cash expenses at their estimated value. Research your supplies that you already have on the web. (You may add extra sheets if necessary)

Show your math.

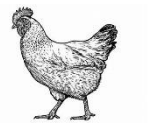

What source did you use to figure out the fair market value of your chickens?

Formula to calculate your Breakeven price:

$$\begin{array}{l} \$ \text{ _____ } \\ \text{Total Poultry} \\ \text{Project Expenses} \\ \text{(Line A.)} \end{array} \div \begin{array}{l} \text{Pen of (2) birds' final} \\ \text{weight (weighed at} \\ \text{fair)} \end{array} = \$ \text{ _____ } \begin{array}{l} \text{Breakeven price for pen of birds needed} \\ \text{to cover expenses.} \end{array}$$

Your Poultry Project Story

Tell your poultry project story through your own words. It should cover why you selected the breed of birds and where you purchased your chicks/birds. You should also describe your daily care and feeding routine. It should also list any problems, if any, you had with your project. For example, if there is a drop in weight because your birds stopped eating. Explain what you did to get your birds well. **The project story should be a summary of what you have learned from your market poultry experience. It might include interesting experiences, challenges, successes, and learning about the project overall. (Additional pages may be added). Use complete sentences.**

General Poultry Management

Briefly Explain: Use complete sentences.

- 1. What are the most valuable cuts of meat on a chicken? How much meat does a chicken yield? What techniques can you use to improve your yield on your valuable cuts?**
- 2. What are the three grades of processing chickens from the USDA? What factors affect the grading of your chicken? Which grade of whole chicken is commonly found in retail settings?**
