Monday, November 17, 2025

10:30am (promptly) – 3:00PM

Please arrive early to get seating

ADVOCACY DAY

We need YOU and your voice! Be the voice to your own injury or a loved one. Attend this advocacy day and be part of the interaction of advocating to the State Legislators in the House and Senate to encourage them to be co-signors for the Brain Injury bills we are trying to pass into law.

You will hear from individuals who have sustained a brain injury and what have inspired them to be successful. More details will follow.
