

Greetings AMHO members and friends,

The rent stabilization bill (EHB 1217) now has a scheduled hearing date in the Senate Ways & Means Committee: Friday, April 4 at 1:30 PM. That means **it's time again to sign in PRO** (not wishing to testify) before 12:30 PM Friday to reassert and reaffirm just how important we feel about its passage!

Sign in PRO [here](#).

Secondly, here's a message from our friends at the Washington Low Income Housing Alliance, about an upcoming educational event they are hosting on Zoom:

"We invite you to join the Housing Alliance and other advocates on Wednesday, April 2, 2025, from 6PM-7PM for a **Rent Stabilization Virtual Town Hall**. Join us to learn more about Rent Stabilization along with ways you can get help get this passed!

If you're able to join us, please register in advance here:

https://us02web.zoom.us/meeting/register/_1sDbYiSx6Hn_t9RE8R-A

After registering, you will receive a confirmation email containing information about joining the meeting."

Finally, please pass this email and that invitation along to any family, friends, colleagues, or anyone else that would support this commonsense and balanced approach to rent fairness - and urge them to [sign in PRO](#) so lawmakers in Olympia know how broad our coalition is! This is the biggest hurdle for the bill this session so we are really hoping for a full-on blitz of support from all our allies across the state. Share early and share widely!

Thanks as always for your tireless efforts this session, and hope you all had a lovely weekend.

Robin Zorich

President, Association of Manufactured Home Owners
