

THE BRONX ZOO

May 9, 2026

As the nation's largest metropolitan wildlife preserve, this world famous zoo boasts more than 4,000 animals on its sprawling 265 acres of land—much of which has been transformed into unique habitats for zebras and other unique creatures. Along with admission to the Zoo we have arranged for many extras for you to enjoy. Some of which include the Wild Asia Monorail. This takes visitors through a 40-acre area that recreates the mud wallows and pastures, forests and riverbanks of Asia.

NOT INCLUDED:
